A Plan of the Village in Waltham, representing the Streets and Location of the Buildings, also the estimated Values of the Buildings and other Contents. Drawn on a Scale of Two rods to the inch. Sept. 1841

Rods
0 1 2 3 4 5

Explanation

The left hand Column of figures in each range of six lines denotes the number of Inhabitants the 2d Column gives the names of the buildings, owners, or occupants; the third column the number of the building and the 4th and 5th columns denotes the value of the buildings & contents each Inhabitant number against it represent the location of a building. The dark Black lines represent the Streets, find any number and look near the black lines find the like number in the 1st column of figures, then the right hand upper will tell the owners name, the 4th column of figures the value of the building and the 5th the contents.

Rivers & streams are marked in the usual way.

A. Moore, Surveyor

Attest Moseley, Treasurer of the town of Waltham

Nath. Stearns

Jonathan Bowditch

William Foster

West

North

Rise from the River above the Dam to Cook Webb's house 1 foot 7 inches
