# City of Waltham Massachusetts Community Preservation Act Historic, Open Space and Recreation Funding Application WCPA-1

APPLICANT INFORMATION
Name of Applicant (1) New Light Korean Church
Name of Co-Applicant, if applicable (1)
Contact Name Joshua Oh
Mailing Address 730 Main Street, Waltham MA, 02451
Daytime Phone (i.e. of Proposal Applicant) 917-484-2255
PROJECT BASICS  Address of Project (or Assessor's Parcel ID) 730 Main Street, Waltham MA, 02451
CPA Category (check all that apply):
☐ Open space
Historic preservation
Open space recreation
☐ Community Housing (You must also complete Application WCPA-2)
CPA Funding Requested \$140,000.00
Total Cost of Proposed Project \$140,00.00

# **PROJECT DESCRIPTION**

Attach answers to the following questions. Applications will be returned as incomplete if all requested information is not provided. Include supporting materials as necessary.

**GOALS:** What are the goals of the proposed project?

**COMMUNITY NEED:** Why is this project needed? Does it address needs identified in existing City plans?

**COMMUNITY SUPPORT:** What is the nature and level of support for this project? Include letters of support and any petitions.

**TIMELINE:** What is the schedule for project implantation? Include a timeline for all critical items for their

# Community Preservation Committee Historic, Open Space and Recreation Funding Application WCPA-1

completion.

**CREDENTIALS:** How will the experiences of the Applicant(s) contribute to the success of this project? Success Factors: How will the success of this project be measured? Be specific.

**BUDGET:** What is the total budget for this project? How will the CPA funds portion be spent? All items of expenditure must be clearly identified and justified. Detail the hard and soft costs. Identify contingencies.

**OTHER FUNDING:** What additional funding sources are available, committed, or under consideration? Include commitment letters if available. Identify all sources of other funding which have been sought for this project and the status of the requests.

**MAINTENANCE:** If ongoing maintenance is required for your project, how will it be funded? (Note that CPA Funds may not be used for maintenance, but maintenance is an important consideration for all projects.)

## ADDITIONAL INFORMATION

Provide the following additional information, as applicable.

**DOCUMENTATION:** Provide written documentation that you have control over the site, such as Purchase and Sale Agreement, option, or deed.

**CONSTRUCTION OR REHABILITATION:** (2) For projects with construction or rehabilitation, provide floor plans, elevations including the existing and proposed site plan(s), and any additional drawings or photographs which visually describe the project.

**ZONING:** Provide evidence that the project is in compliance with the current City Zoning Ordinance as Amended, as well as all other laws and regulations. If zoning relief is required, note the parts of the proposal not in compliance with the Zoning Ordinance, and when an application will be made to the Zoning Board of Appeals.

**CITY APPROVALS:** Provide evidence that the appropriate City Boards and Commissions approve of the project (Waltham Historical Commission for Historic, Conservation Commission for Open Space, Park & Recreation Board for Recreation, and Waltham Housing Authority for Community Housing). As an example, a project in a City park would require that the Park & Recreation Board accept the project.

**HAZARDOUS MATERIALS:** Provide evidence that the proposed site is free of hazardous materials or that there is a plan for remediation in place.

**PROFESSIONAL STANDARDS:** Provide evidence that appropriate professional standards will be followed if construction, restoration, or rehabilitation is proposed.

**LEVERAGED ADDITIONAL BENEFITS:** Provide information indicating how this project can be used to achieve additional community benefits.

#### Notes:

- (1) City Property: If the proposal is located on City-owned land, either the Applicant or Co-Applicant must be the City Board, Commission or Department that has custody of the land.
- (2) Appraisals: If the requested funds are for a real estate acquisition, an independent appraisal will be required which the Applicant will be required to fund. No funding decisions will be made without an independent appraisal. Additional appraisals may be required for final approval.

If project funded by the City Council, for how much?
Date funding Contract signed with applicant

# **APPLICATION SUBMISSION REQUIREMENTS**

Proposals for Community Preservation Act funding must be submitted using the City of Waltham's Application forms WCPA-1 and WCPA-2.

If the proposal is exclusively a community housing project, applicants must submit WCPA-2. If the proposal combines community housing with any other funding category, both WCPA-2 and the WCPA-1 must be submitted. Otherwise applicants can submit just WCPA-1.

All information requested on the application forms must be included with the proposal at the time of submission or it will not be accepted for consideration. Applications may not include any handwritten information.

Applications and all supporting documentation must be submitted as hardcopy with eleven (11) copies (including one unbound for reproduction) to the official mailing address as specified in Article VI. If an Application is recommended for funding by the CPC, then an additional 17 copies must be provided for use by the City Council.

Applicants are encouraged to include any maps, diagrams, and/or photographs pertaining to the project. Letters of support for the project from community organizations or other sources may also be submitted.

Applicants will also submit an electronic version of each and every document submitted in their application if available, either on CD or USB flash drive, preferably in Portable Document Format (PDF) or other commonly used file formats (eg. .doc, .docx, .xls, .xlsx, .jpeg).

Applicants should include actual quotes for project costs whenever possible. If not available, estimates may be used, provided the basis of the estimate is fully explained.

Applicants should pursue matching or supplemental funds from state, federal and/or private sources when available.

Applicants should detail who will be responsible for project implementation and management. Their relevant experience should be included in the narrative. Please be sure that project management costs have been included in the overall project budget.

#### Goals:

The goal of this project is the restoration of our historical church building.

Our steeple is the biggest concern. Whereas the steeple is the first part of our church that people see, it is also in dire need of restoration. There are parts of the steeple that are coming loose, and we fear that parts of it will begin to fall off sooner than later. The boards of one of the outer walls of our church has also been warped due a fire in the past. We wish to replace these boards as well. Lastly, the front of our church has beautiful woodwork that has deteriorated over the years. We wish to restore that portion.

A restoration of our building will ensure the safety of the members of the church, as well as the pedestrians that walk in front of our a building on a daily basis. We want our building to be restored, as it is a beautiful building that can be seen from straight down Main Street. But we also want to prevent our building from being a safety concern to the city of Waltham.

Photos have been attached to the letter to show the damage on our building.

#### **Community Need:**

Our church building was built in 1870. It is one of the highest buildings in Waltham, and also one of the most visible. Anyone driving down Main Street will be able to see the steeple peeking over the other surrounding buildings. The building itself is a beautiful Romanesque building, with a Georgian Revival interior<sup>1</sup>.

Currently, our building is home to New Light Korean Church. We inherited this church from the previous congregation (First Congregational Church). In October of 2019, we were

<sup>&</sup>lt;sup>1</sup> https://en.wikipedia.org/wiki/First\_Congregational\_Church\_(Waltham, Massachusetts)

officially declared the owners of this building, and received a proclamation from Mayor

Jeannette A. McCarthy. New Light Korean Church also rents out space to Grace Christian

Church every Sunday and a coin club every other Tuesday. These are smaller groups who benefit

from the use of our building. Our building is, therefore, home to three different individual

groups, two of which are religious groups who gather here for worship.

New Light Korean Church meets every Sunday, every Saturday, and various days throughout the week for religious reasons that include Bible Studies, small groups, and worship services. On Sunday we also have a time of fellowship over a meal. Often times, we have members of the homeless community come to our church on Sundays to take part in worship and also to share in fellowship with us.

This building is important to many people, and we fear that the age of the building is beginning to show. We worry for the safety of the people who frequent the building, but also for the people who walk past our church. Once a year we also hold a yard sale to raise funds for our annual missions trips to Haiti. Every year we are able to sell almost everything we put out, not to just our church members, but to the citizens of Waltham that have grown accustomed to our yard sales.

It has also come to our attention that our church has become a popular location for community members who play the extremely popular Pokemon Go mobile game. In this game, there are designated locations that are home to extra challenges and bonuses. After seeing groups of Waltham members gather around the lawn of our building, we figured out that our church was a "hot spot". Since these community members congregate outside of our building, their safety is also at risk.

Above anything, our building is special. It was included in the "National Register of Historic Places" in 1989 and as mentioned before, it's a beautifully visible building. We request, for the sake of safety and also, for the preservation of a such an amazing building, aid from the city to help restore our building.

#### **Community Support:**

We have attached support letters.

We have also received permission from Mayor Jeannette A. McCarthy to list her as a reference. Her phone number is (781) 314 – 3100.

#### Timeline:

The contracting company that we have contacted gave us an estimate of around three to four weeks to complete the job. Due to the nature of the job, it would require ample time to ensure a proper work of the building.

#### **Budget:**

The total estimate for steeple and body restoration is \$139,669.81. The CPA funds would be used entirely to fund the project. We request an even \$140,000.00. A more detailed breakdown of the project is attached to this letter.

### Other Funding and Maintenance:

We are aware the actual cost of the project may come out to be more than the estimate.

However, we are also aware that it is not easy for us to estimate how much more it can cost (our

request is less than \$400 more than the estimate budget, this was for the sake of having an even and round number). Therefore, our church (New Light Korean Church) is willing to provide the funds for whatever extra the project may cost. As for maintenance, we will keep in close contact with our main contracting company and seek to forge a long-lasting relationship with them to ensure the proper preservation of our church. When it comes to maintenance, our church will assume financial responsibility.

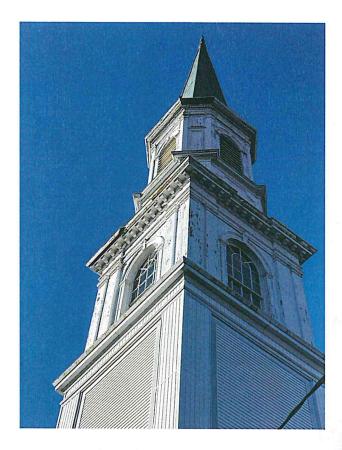

Figure 1: Paint chip, and also loose boards

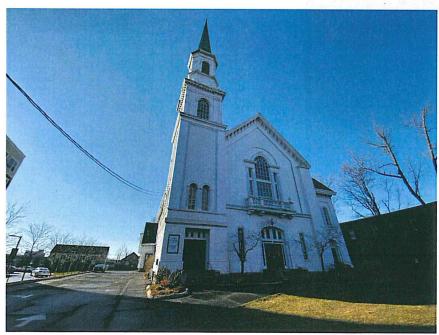

Figure 2: Front; many people walk through this area

Figure 3: Front woodwork that needs restoration

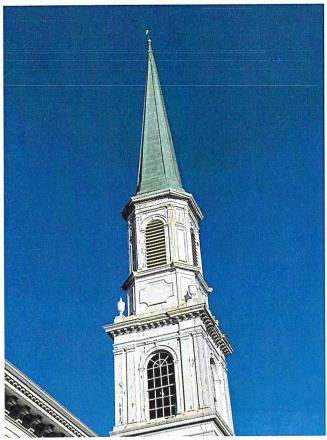

Figure 4: Another view of the steeple

Figure 5: Warped panels from fire

Welcome,

On behalf of the entire Capital Construction staff, I'd like to take this opportunity to welcome you as a new customer. We are excited to have you with us.

At Capital Construction, we pride ourselves on offering our customers responsive, top quality, excellent service on every project, every time!

Our customers are the most important part of our business, and we work tirelessly to ensure your complete satisfaction, now and for as long as you are our customer. We provide new and past clientele with the service, quality, and schedules that meet or exceed the diverse and varying requirements of our client's expectations. We never compromise our commitment to quality and service.

At Capital Construction we give 110% to all your service needs. Anything less is not good enough. This means that on every project we give you more than you expect and pay for. By consistently going the extra mile, we have created a loyal list of happy repeat clientele. In this same manner, we hope to earn your confidence and continued business.

We are a company working in the field of construction with more than 16 years of experience.

We have a team of highly skilled tradesmen working on the field along with a full office staff to help you with any questions or concerns throughout your project. We have our own showroom onsite at our office building offering samples of all the products we use and supply. We also have our very own inhouse sheet metal fabrication/copper shop for all your specific needs.

Capital Construction has added to its achievements some of the modern and innovative buildings and homes throughout the Boston and surrounding areas. We believe in using the best updated equipment and ensure safety comes first on every job.

Thank you for entrusting Capital Construction with your most important construction needs. We are honored to serve you!

Please feel free to reach out to me anytime with your questions, concerns or feedback.

Best regards,

David Arrowsmith

#### To Whom It May Concern:

I am grateful for the opportunity to support the building restoration efforts of New Light Korean Church (NLKC). A little over five years ago, I became the pastor of Grace Christian Church, which rents the chapel from NLKC for our Sunday meeting. During that time, NLKC has invested significantly in the building, showing themselves to be committed and capable stewards of a historical treasure. The building looks great, and NLKC keeps it in pristine condition.

The building, formerly known as Trinity Church, is a part of Waltham's history. Its iconic, white steeple sits in the heart of Waltham, and is a symbol of the city's faithful and industrious roots. Buildings like this require a lot of maintenance, given their age. However, we need to invest in churches like the historical Trinity Church so we do not forget where we have been.

I highly support NLKC's application for building funding. As a group who shares the church, we not only want the building to be beautiful but safe. We share NLKC's concerns about the steeple and other building features, and appreciate their effort to address structural issues before someone gets hurt. I encourage you to support NLKC's application. Please feel free to contact me if you have any questions.

Sincerely,

Dishon Mills

Pastor, Grace Christian Church

#### T.W.I.M.C.

Town of Waltham, Massachusetts

As a representative of the three different coin and paper money clubs meeting monthly at the New Light Korean Church 730 Main St. Waltham, MA, I would like to mention our appreciation for the Korean congregation to make this space available to us. Collectively we each meet in the space provided once a month and are able to use your facility for the various programs we give for our members. These include having a forum for members to explain to the others the historical significance of their particular items of interest. Also educational programs (PowerPoint, etc.) to inform our members of the technology used in the execution of Federal and/or state coinage and the artistic knowhow needed to prepare paper money for circulation especially the older issues of Colonial and early American paper money that in those days was often prepared and issued by the local banks and/or state governments.

Our interests not only lie with American issues but also with those of foreign countries. Our interests also are supported by the American Numismatic Association headquartered in Colorado and by many other regional and state "collector" organizations. A quick search on the internet will show the various areas coin and paper money collectors are drawn to.

Being able to meet here in this centralized location on a monthly basis helps us formulate programs for the future betterment of the collecting community and to reach out to the youth who show interest in doing the same. Currently many members of the three clubs are active in various YN (Young Numismatists) programs which are offered various times of the year in the New England area. For this we thank the Korean community for providing space for us.

Best regards,

C. John Ferreri

January 20, 2020 New Light Korean Church 730 Main St Waltham, MA 02451

To whom it may concern,

Upon my review and inspection at 730 Main St Waltham, I had noticed a lot of work needed which is clearly explained in the attached proposal. One of the amin concerns is the collapsing section of Crown Molding on the church steeple. This is certainly a liability and could cause a serious accident if it falls. Given the height of the area it is extremely possible that this will happen sooner rather than later with high winds. Usually when one section of trim or detail comes away from a old building like this, there starts a trend which leads to more material coming loose and especially from heights such as this.

It is my recommendation that this area of concern be addressed soon. If you or anyone else would like more information regarding the matter, please do not hesitate to reach out.

Kind regards,

Barry Eldershaw Senior Project Consultant Capital Construction (617) 997-2350 Barrye@capitalcons.com
