COMMUNITY SUPPORT: What is the nature and level of support for this project? Include letters of support and any petitions.

TIMELINE: What is the schedule for project implantation? Include a timeline for all critical items for their

City of Waltham
Recreation Department
Request for Community Preservation Funds

Project Description: Veterans Memorial Field – Play Structure/Surfacing

Goals:

- Provide safety surfacing under a playground that will be built at the Veterans Memorial Field Complex located at 385 Forest Street.
- This project, as part of a community partnership, will be funded by the Waltham Recreation Department and the Waltham Youth Soccer Association as well as Community Preservation if approved. The equipment and installation will be handled by the Recreation Department and Waltham Youth Soccer and we are seeking funding for the safety surfacing.

Community Need:

- This project will add to an already beautiful facility on Forest Street. The facility is always extremely busy with soccer, softball, lacrosse, field hockey and other groups utilizing the athletic fields. This addition (Playground and surfacing) will offer an amenity for residents that is not currently available at this site. Many visitors/spectators at the complex inquire about opportunities for recreation beyond playing on the fields.

Community Support:

- This project has the support of the Recreation Board. The Mayor sent the request from the Recreation Department to the City Council and the funding requested by the Recreation Department was transferred into the account following a City Council approval.

Timeline:

- We are hoping to have all equipment available for a mid-summer installation.

Credentials:

- Working on many playground installations over the last 20 years will enable our department to successfully oversee another park playground construction project.

Budget:

- As mentioned above the project cost is just under \$150,000 and the CPA funds will be utilized for the playground safety surfacing.

Other Funding:

Waltham Youth Soccer Association and the Waltham Recreation Department

Maintenance:

All maintenance will be handled by the CPW and Recreation Department. The surfacing is virtually maintenance free
