Subject: Fernald Property

Dear Mayor, Thank you for your request for input from neighbor's of the Fernald Property. I have lived on Shirley Rd, abutting the Fernald property for forty years ,I have serious interest in what happens there and the potential impact on my neighborhood. I'd like to see a portion of the land developed as a cemetery and another portion as a park with recreation facilities. Continued use of some space as a temporary "soft landing" spot for women and children in crises would be encouraged by me. Thanks again for the admirable job you are doing. Yours Truly,
Sue Walsh
