

Ultimate Green Home, Health & Lawn Tips” workshop.

The Internationally noted and award winning speaker, Jackson Madnick of Wayland, MA gives a FREE 3 part power point presentation including:

- 1) **How to make the home and work environment healthier.** (These are all simple remedies that matter, but most people don't know about them).
- 2) **Tips to live longer.** Minor life style modification allowing the average human to live 25 years longer with quality of life and help your dog live another 5 years.
- 3) **Lawn secrets to better your existing lawn,** including his development of Pearl's Premium Ultra Low Maintenance Lawn Seed, a grass seed which offers an organic lawn you mow only once a month, (to save 30 hours a summer on lawn care), never needs chemicals (to be safer for children and animals) and saves 75% of all the water, time and money now consumed by lawn care every summer. A beautiful & healthy lawn that does not spread to invade flowers.

Jackson Madnick has given his presentation all over North America at a number of major conferences. His work has been commended by over 300 experts & organizations including two different White Houses, the United Nations, Senator & Astronaut John Glenn & by a top NASA scientist, etc. All ages of women & men find this short talk extremely interesting, useful and fun. People often take notes and this can be life changing (Add Presented by / Sponsored by, date, time (pm or am) and location. Optional contact person) Have a lawn that looks like this:
