RE: Combined Police-Fire Station Additional Research

Dear Councillors:

I appeared at the Public Works and Public Safety Committee last Monday on the attached resolution. I handed out this confidential union communication at said meeting. At the outset, Councillor Brasco took the combined police-fire station off the table prior to said resolution. The Police Chief is coming in to the Committee next week on the resolution, as he was not available last Monday.

In addition to the information previously provided to the City Council about combined police-fire station, please find the bid response for the architect for a combined station, which I did not award. The original architect for the police station, who now works for DCAMM, indicated to us that the fire station should be built first to the right side near the railroad tracks with an entrance in next to the railroad tracks. Once the new fire station was built on Lexington Street, then fire would move into that, and the police would move into the vacant old fire station. This was contrary to the wishes of the Police Chief to have the police headquarters done first, and the Fire Chief's priority to do Moody Street station first. Plus there was over \$1,000,000 in additional design costs. Attached is the original City Council vote on design for the police station.

Depending what the City Council recommends to me for CPW's location which is part of Councillor Brasco's combined station idea, there is room for expansion and a more consolidated plan, as long as you stay away from the Chesterbrook in the back.

Thank you.

Sincerely,

Jeannette A. McCarthy

RE: Combined Police/Fire Station – Lexington Street  
Moody Street Fire Station Renovation and Addition

Dear Councillors:

Please be advised that the Purchasing Agent is drafting two Request For Services (RFS): one is to hire an architect to design a consolidated police and fire station at Lexington Street, while salvaging the \$330K already approved by the City Council and expended on the police station design; and one is for a renovation and new addition to the Moody Street Fire Station.

The Council recently requested the first proposal, i.e. consolidated police/fire station. If you have any objection to the second proposal, i.e. Moody Street Fire Station, please let me know so as to not waste taxpayers' money.

Sincerely,

Jeannette A. McCarthy

RE: Combined Police and Fire Headquarters

Dear Councillors:

As I indicated when I appeared before the Council at the request of Councillor Vizard to update the Police Station and Moody Street Fire Station projects, Councillor Brasco suggested moving CPW to Fernald and having a combined Police and Fire Station on Lexington Street site.

Enclosed please find letters from the Chief of Police, Chief of Fire and an email from Fabrizio Caruso, Architect from CDR Maguire who has done the Police renovation design. \$505,998.00 was appropriated, and there is a balance of \$156,854. That design was estimated at about \$8.5M.

It appears that it can be done with either with this sketch or some other design. I have inquired whether any of the design plan can be salvaged. I am awaiting the answer from Architect Caruso.

Also enclosed is some information regarding other communities.

Sincerely,

Jeannette A. McCarthy
