MAYOR'S OFFICE

Honorable Mayor,

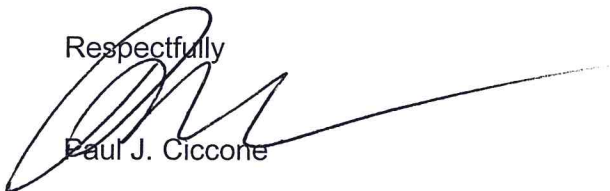

The Waltham Fire Department has been chosen by the Last Call Foundation to receive a donation from Waltham based Keane Fire and Safety Equipment. This will be in the amount of \$10,000 to \$19,967 to be used towards the purchase of Rescue Airbags to replace the 20 year old set we currently use.

The Last Call Foundation was started by Ms. Kathy Crosby after the death of her son Boston Firefighter Michael Crosby in the line of duty.

The focus of the foundation is to assist Fire Departments with the purchase of needed health and safety equipment.

The cost of the new system is \$19,967 dollars, the Fire Department will be able to subsidize anything less than that amount.

Respectfully

Paul J. Ciccone

RE Terms of donations made through Last Call Foundation.

Dear Chief Ciccone,

Last Call Foundation is delighted to have connected with a generous donor doing business in Waltham, Keane Fire and Safety, who is interested in supporting the local Fire Department. We have received a commitment of \$10,000.00 to Last Call Foundation to support a health, wellness or safety need of your department.

After speaking with both you and Lt. Perry we have identified a needed safety item – A Lift Bag Kit with an estimated cost of \$ 19,967. We will continue to work with the generous folks from Keane Fire and Safety and your department to raise the additional funds assuming the City of Waltham will agree to the following terms.

All funds provided through Last Call Foundation will be held in the Fire Department accounts only – they will not go through the city.

This donation will not impact the Fire Department budget in any way.

The Lift Bag will be properly maintained and serviced.

If and when a replacement is needed the City of Waltham will provide the funds.

Please provide Last Call Foundation with a W-9 form.

We all look forward to working with you.

Stay safe,

Kathy Crosby-Bell, President
