

***Waltham
Public Schools***

School Building Committee

**The initial “Test Blast” for the new Waltham High School will occur
on
January 19th at 11am.**

**Pending review of the test results (which should occur the same day), production
blasting could commence as early as 01.20.2021 at 11am (to be confirmed)**

**3 audible signal pulses will be performed 5 minutes to blast
2 audible signal pulses will be performed 1 minute to blast
1 audible signal pulse will be performed when blast is complete
Signal pulses are audible within 250ft of the blast site by law**

**If you wish to receive notifications 30 minutes in advance please contact Esta at Maine
Drilling and Blasting at 508.478.0273**

**A schedule of anticipated blasting will be posted at the site gate notice board by the end
of the week. The Waltham Fire Department will be onsite during blasting.**
