RE: Natural Gas Pipeline Maintenance Operations

Please be aware that Algonquin Gas Transmission, LLC will be intermittently releasing odorized natural gas at its valve site located at the Waltham Meter Station site off Trapelo Road in Waltham, Massachusetts. The controlled venting of natural gas may occur intermittently during the hours of **7:00 a.m. to 7:00 p.m. on Thursday, March 11, 2021**. Company representatives will be on site during this work. There may be noise and/or odor associated with this work. There is no cause for alarm and there will be no danger to persons or property in the area. Portable deodorizing equipment and monitors that constantly measure the levels of natural gas will be used. Algonquin will make every effort to minimize the volume of gas released. Please be advised that local police, fire, and municipal officials in Waltham have been notified of the maintenance operation. In addition, local fire and police officials are notified shortly before and at the conclusion of the release activity. If you have any questions please do not hesitate to call the Westwood, Massachusetts operations office at 781-329-3750 between the hours of 7:00 a.m. to 4:00 p.m. Monday through Friday. Calls may also be directed to the Enbridge Gas Control 24 hour call line at 1-800-726-8383.
