CATHERINE CAGLE
PLANNING DIRECTOR

WALTHAM WAYSIDE TRAIL CONSTRUCTION

JULY 2022

Please note construction of the Waltham Wayside Trail has started and the City Contractor ET&L, and their subcontractors will be working within the Commonwealth of Massachusetts Mass Central Rail Road R.O.W. to complete this City project.

The project will connect with the existing segment of trail located near the former Polaroid site and continue to Beaver Street. The paved trail will be constructed as a multi-use path, providing space for walkers, joggers, bicyclists and other non-motorized recreational activities to individuals of all ages.

Additional information may be found on the Planning Department website under Waltham's Wayside Trail Project <https://www.city.waltham.ma.us/planning-department/pages/walthams-wayside-trail-project>

Thank you in advance for your support and patience while construction activities are underway. During this period, we remind everyone to please respect the closure of the State-owned corridor for the project construction until it reopens with the project ribbon cutting.

cc: Mayor Jeannette A. McCarthy
