

Let's close the digital divide in every community in Massachusetts.

The Massachusetts Broadband Institute (MBI) wants to hear from YOU about your experience using the internet. Your response will inform a Statewide Digital Equity Plan that MBI will release in 2024.

To make your voice heard, please complete this **5-minute online survey**, available in 9 languages (English, Arabic, Chinese, Haitian Creole, Khmer, Portuguese, Spanish, Russian, and Vietnamese).
