

Mayor Jeanette McCarthy  
610 Main St  
Waltham, MA 02451

Dear Tree City USA Supporter,

On behalf of the Arbor Day Foundation, I write to congratulate Waltham on earning recognition as a 2017 Tree City USA. Residents of Waltham should be proud to live in a community that makes the planting and care of trees a priority.

Waltham is one of more than 3,400 Tree City USAs, with a combined population of 140 million. The Tree City USA program is sponsored by the Arbor Day Foundation in partnership with the U.S. Forest Service and the National Association of State Foresters.

If ever there was a time for trees, now is that time. Communities worldwide are facing issues with air quality, water resources, personal health and well-being, and energy use. Waltham is stepping up to do its part. As a result of your commitment to effective urban forest management, you are helping to provide a solution to these global challenges.

We hope you are excited to share this accomplishment. Enclosed in this packet is a press release for your convenience as you prepare to contact local media and the public.

State foresters are responsible for the presentation of the Tree City USA flag and other materials. We will forward information about your awards to your state forester's office to coordinate presentation. It would be especially appropriate to make the Tree City USA award a part of your community's Arbor Day ceremony.

Again, we celebrate your commitment to the people and trees of Waltham and thank you for helping to create a healthier planet for all of us.

Best Regards,

Dan Lambe  
President

FOR IMMEDIATE RELEASE:

### **Arbor Day Foundation Names Waltham Tree City USA**

Waltham, MA, was named a 2017 Tree City USA by the Arbor Day Foundation in honor of its commitment to effective urban forest management.

Waltham achieved Tree City USA recognition by meeting the program's four requirements: a tree board or department, a tree care ordinance, an annual community forestry budget of at least \$2 per capita and an Arbor Day observance and proclamation.

"Tree City USA communities see the impact an urban forest has in a community first hand," said Dan Lambe, president of the Arbor Day Foundation. "Additionally, recognition brings residents together and creates a sense of community pride, whether it's through volunteer engagement or public education."

Trees provide multiple benefits to a community when properly planted and maintained. They help to improve the visual appeal of a neighborhood, increase property values, reduce home cooling costs, remove air pollutants and provide wildlife habitat, among many other benefits.

More information on the program is available at [arborday.org/TreeCityUSA](http://arborday.org/TreeCityUSA).

**About the Arbor Day Foundation:** The Arbor Day Foundation is a million member nonprofit conservation and education organization with the mission to inspire people to plant, nurture, and celebrate trees. More information is available at [arborday.org](http://arborday.org).
