Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

In accordance with Title 24 Code of Federal Regulations (24 CFR) Part 91, the City of Waltham is required by the U.S. Department of Housing and Urban Development (HUD) to submit an Annual Action Plan (AAP) no less than forty-five days from the start of the community's new program year (PY). The City of Waltham publishes this document as the AAP for PY49 which begins July 1, 2023 and runs through June 30, 2024.

The City of Waltham's PY49 AAP describes the anticipated uses of Community Development Block Grant (CDBG) funds received as a series of initiatives to be accomplished by the City for the duration of the program year. This period is simultaneously the fourth year in a five-year strategy captured in the *FY2020-2025 Consolidated Plan*.

2. Summarize the objectives and outcomes identified in the Plan

The City of Waltham has adopted four goals for community development within its FY2020-2025 Consolidated Plan. To achieve progress in meeting these goals, the PY49 AAP proposes to allocate PY49 CDBG funding through four goal-aligned categories:

- **Housing Rehabilitation: \$57,000** or 6.7% of CDBG funding to undertake activities related to code compliance, energy efficiency, handicapped accessibility, weatherization, and emergency repair for owner and renter-occupied housing units through zero interest deferred loans to property owners. This also includes administration costs for Housing Division staff.
- **Public Facilities/Improvements: \$493,174** or 58.3% of CDBG funding to repay a portion of Section 108 loan principal awarded, and towards creating accessible and sustainable improvements.
- **Public Services: \$126,962** or 15% of CDBG funding to provide grants to social service organization sub-grantees that provide services to underserved populations and to accomplish public service activities.
- **Administration: \$169,283** or 20% of CDBG funding for general program administration costs for staff managing the CDBG program

3. Evaluation of past performance

Funding public service programs has historically been a priority for the City and continues to be a key part of Waltham's CDBG program. Working with these organizations allows Waltham to invest in services that support historically disadvantaged populations and support the CDBG's national objectives. During the 2021-2022 program year (the program year of most recent available data), 4,787 individuals were served with CDBG funds.

In the last year, the Housing Division has seen an increase in the number of individuals seeking assistance for existing affordable housing. During the 2021 – 2022 program year, the City funded 5 housing rehabilitation and rental housing rehabilitation programs: 2 for rental properties and 3 for owner-occupied properties.

Using CDBG funds, the City has been able to fund public facility improvements in public spaces such as playgrounds in addition to buildings providing services to people with disabilities and low-moderate income residents. Specially, the Chesterbrook Apartments (a Waltham Housing Authority property) Roadway Improvements which concluded in 2022 increased accessibility and improved services for low-moderate income residents. Last year, the City received funding for accessibility improvements at Work, Community, Independence Inc., an organization that provides services for people with physical and developmental disabilities and the creation of an ADA universal playground plus an accessible bathroom at a City-owned green space.

4. Summary of Citizen Participation Process and consultation process

Each year, the City strives to solicit citizen input on the creation of the AAP. Many mediums were used to reach out to residents to gather their feedback on potential projects.

Waltham has continued to utilize City social media accounts of Twitter and Facebook to promote all public meetings and outreach activities. Leveraging the many subscribers of these online platforms has proven valuable in casting a wide net to reach the many people that may not see or be aware of postings via traditional outreach methods of local newspaper advertisements or the City of Waltham website. The Planning Department frequently collaborates with members of the IT department for the advertising of all meetings and related programs.

The City engaged in the following outreach activities in anticipation of the PY49 funding year:

- Master Plan Special Input Sessions: Waltham is beginning the process of updating the City's Master Plan. As part of this process, Waltham conducted 7 City Council Special Committee Public Input Meetings in each of the City's Wards to solicit input on community development goals including housing creation and barriers to affordable housing. In addition, targeted Master Plan input sessions were held with City Departments, Waltham senior citizens, Waltham veterans, and social service/non-profit organizations. Input meetings will continue in 2023 with the Waltham business community, Boards & Commissions, and schools. The goal of the updated Master Plan will be to identify and address barriers to affordable housing in addition to recommending best practice land use, tax policies, zoning ordinances, building codes, and other community development topics. These meetings began in September 2022 and are continuing into 2023. Comments have been received but are still being evaluated. The data will be compiled for use in the next phase of the process to update the Master Plan. Some of the survey responses were in line with 2020 – 2025 Consolidated Plan goals and PY49 priorities such as investments in the Southern Neighborhood District and the need for social service programs.

- Annual Action Plan First Public Hearing: On January 24, 2023, the Planning Department held the first public meeting for the PY49 AAP and CDBG community development needs. The meeting was advertised via City social media accounts, the City website, and the Boston Globe
- Substantial Amendment Public Hearing: On February 13, 2023 the Planning Department held a Public Hearing on a Substantial Amendment to the PY48 Annual Action Plan and Consolidated Plan to add prior year's unexpended funding into an accessibility upgrades project at Work Community Independence Inc. which is anticipated to conclude before the new Program year 49. This meeting was advertised via City social media platforms, the City website, and the Boston Globe.
- Technical Assistance Sessions: The Planning Department held two technical assistance sessions January 31, 2023 and February 15, 2023 on the CDBG competitive application via Zoom videoconference. These two sessions were organized to provide guidance and information for social service and public organizations - potential applicants of CDBG funding.
- City Council Meetings: The Waltham City Council met March 13, 2023 to review and send the YR49 CDBG program and budget to the Economic and Community Development Sub-Committee. The City Council's Economic and Community Development Subcommittee met March 20 and voted to approve the YR49 program and send to the City Council for approval. On April 10 2023, the Committee as a Whole approved the YR49 CDBG program.
- Final Annual Action Plan Draft Public Meeting Release: The Annual Action Plan Draft Final Edition was released in a Public Meeting via zoom videoconference in April, 10 2023.
- Public Comment Period: In compliance with Waltham's Citizen Participation Plan, each CDBG public meeting follows an accompanying 30-day public comment period. The Planning Department received one public comment for the Annual Action Plan Draft Final Edition meeting.

5. Summary of public comments

Citizens and citizen groups have at least 30 days from every Public Hearing to provide comments to the City. Meetings and directions on where to submit public comments are detailed in the advertisements of public meetings.

Per its Citizen Participation Plan, the City of Waltham considers all comments from citizens, public agencies, non-profit organizations and other interested parties in preparing its final Annual Action Plan submission. The Waltham Planning Department provides written answers to written complaints and grievances within 15 days, where practical. No public comments were specifically received on the first Public Hearing on January 24 2023 or during the Substantial Amendment Public Hearing on February 13 2023. The Annual Action Plan Draft Final Edition meeting received one public comment. This comment and the Planning Department's response is found in AP-26.

6. Summary of comments or views not accepted and the reasons for not accepting them

The Annual Action Plan Draft Final Edition meeting received one public comment which was accepted. The comment and the Planning Department's response is found in AP-26.

7. Summary

The PY49 AAP will be relied on by the City as its guiding document for its administration of the CDBG program for the fourth year of the five-year strategy, accepted by HUD. The Planning Department will continue to welcome comments and inquiries regarding the program and opportunities for community development across the City.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

Development of the AAP relies on consultation and communication with various partners. Many consultation meetings are held in a round table format, via email, phone conversations, and through video conferences where ideas are exchanged for the purpose of strategizing and leveraging resources. Discussions commonly occur between the City of Waltham and the Waltham Housing Authority (WHA), City of Newton, the Waltham Police Department, the Balance of State Continuum of Care and the WestMetro HOME Consortium. In addition to participation with the above-mentioned public organizations, the Planning Department also consults with multiple social service organizations. These meetings seek to address needs, inform funding decisions, and ensure the provision of critical services via CDBG investments.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The Planning Department and Housing Division meet regularly with WHA staff for project coordination for managing active projects in addition to planning out future projects. The City assists with CDBG, HOME, and City capital funds to engage in public facility improvement projects at WHA facilities. The City has managed WHA improvement projects such as a repaving project at Chesterbrook Apartments in 2022, spray park installation at Dana Court Apartments in 2018, and an accessibility upgrades project at Beaverbrook Senior Apartments slated to start construction in 2023 which is utilizing HOME, CDBG, and Commonwealth of Massachusetts High Leverage Asset Preservation Program (HILAPP) funding.

Through participation in the Balance of State Continuum of Care, the City of Waltham works closely with the Waltham Community Day Center, Middlesex Human Service Agency (MHSA) and the WHA to connect homeless and low-income individuals with the resources available throughout the Brookline Newton Waltham and Watertown areas. Additionally, the Planning Department and Housing Division administer CDBG, CDBG-CV, HOME, and City funds to support social service organizations working to provide housing, health, and mental health services.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Waltham is within the Balance of State Continuum of Care (CoC) along with 115 other cities and towns across eastern MA. The Balance of State is responsible for submitting the CoC Consolidated Application for McKinney-Vento funds for homeless assistance programs each year. The City of Waltham

supports and participates in the Balance of State application for funding and strives to coordinate CDBG funding goals with attainable targets laid out by the CoC.

The coordinated entry system requirements put in place by HUD in January 2017 have also allowed for a more streamlined approach for assessment of the housing first model. The coordinated entry system assesses individuals and families to entry points and connects them with public and assisted housing providers along with government health, mental health, and service agencies. The City often refers individuals to coordinated entry points.

The City of Waltham participates in the Balance of State/CoC homeless Point in Time Count annually. For this, the Housing Division collaborates with the Waltham Police Department (WPD) Homeless Outreach Team and social service organizations such as the Community Day Center to conduct an accurate count of people experiencing homelessness and relay this information to the MA Department of Housing and Community Development (DHCD).

The WPD deploys a Homeless Outreach Team with the aim to help assist people experiencing homelessness in Waltham via community policing and referring people Waltham to social service organizations, shelters, and treatment centers. The WPD's homeless strategy is modeled after Chelsea, MA's Chelsea HUB program to address homelessness by collaborating between multiple stakeholders such as Newton Wellesley Hospital, the Community Day Center, MHSA, the Planning Department, Housing Division, and more. Lastly, the WPD has a jail diversion staff position and commits people to alcohol/drug abuse treatment centers for those in need of rehabilitation.

The Housing Division manages the Tenant Based Rental Assistance Program which provides funds to Waltham residents to pay for security deposits and first month rent payments directly to the landlord. In 2023-2024, it is estimated that 20 homeless or at-risk Waltham families at or below 60% AMI will be served with TBRA assistance.

The Waltham Community Day Center and MHSA Bristol Lodge in Waltham assign clinical staff to conduct street outreach. Specifically, the Bristol Lodge has an Outreach Specialist that reaches out to unsheltered individuals throughout the City including in wooded areas that are hard to reach. The Bristol Lodge and Community Day Center collaborate with the WPD Homeless Outreach Team to reach out to unsheltered people and to get them off the street and connected to services.

Through the MetroWest HOME Consortium, the City also assisted with the HOME-ARP allocation plan development to help address homelessness in Waltham and Greater Boston.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

While the City of Waltham does not receive Emergency Solutions Grant (ESG) funds, Waltham is an active participant in the CoC and supports ESG activities, standards, and consultation processes. In addition, Planning Department and Housing Division staff engage in ESG application review for projects within the former Brookline-Newton-Waltham-Watertown (BNWW) CoC. Social Service organizations within Waltham can access ESG funds through the City of Newton, which administers ESG funding. ESG/Balance of State CoC program updates are detailed in WestMetro HOME Consortium meetings that Planning Department and Housing Division staff attend. Planning Department and Housing Division staff also attend meetings of the Balance of State and provide input on Waltham's unmet needs and strategies for funding.

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

An important part of developing the AAP each year is the input received directly from citizens and beneficiaries of the program. In accordance with Waltham's Citizen Participation Plan, each public meeting is publicized in the Boston Globe, at the Clerk's Office, on the City Website, and on City Social Media accounts. Master Plan Special Input Sessions were held and while not directly part of Waltham's CDBG program, feedback received directly ties in with CDBG goals such as helping increase public services to LMI residents.

At each individual's request, new email addresses are added to the Planning Department's CDBG Listserv, which provides updated information on public meetings, the CDBG annual application, and open discussions.

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

The City of Waltham will continue to seek opportunities to leverage CDBG funds with other forms of assistance, including other funding sources and partnerships with private and nonprofit entities. The expected amount available that is provided below may be supplemented through other funding sources such as CPA and/or HOME funds, prior to or during the PY.

Anticipated Resources

Program	Source of Funds	Use of Funds	Expected Amount Available Year 49				Total Expected Amount Available – Remainder of Consolidated Plan	Narrative Description
			Annual Allocation	Program Income	Prior Year Resources	Total		
CDBG	Public-federal	Public facilities/improvements, public services, housing activities, and Administration and Planning	\$846,419	\$0	\$0	\$846,419	\$1,149,645	Diverse public services, housing rehabilitation assistance, accessible & sustainable improvements, and administration. This includes \$220,000 in Section 108 loan repayment for testing, capping and park reconstruction at Woerd Avenue Landfill site.

Table 5 – Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City leverages a diverse set of funding resources to bolster CDBG allocations. Waltham is a member of the WestMetro HOME Consortium, and receives HOME funds that go towards projects that supplement affordable housing and rental assistance. Often, dollars from several fundings sources will go into projects to effectively fund larger projects. Specifically, the Beaverbrook Senior Apartment ADA upgrades project is utilizing CDBG, HOME and Commonwealth of Massachusetts High Leverage Asset Preservation Program (HILAPP) to make up the project budget. This project, which is using prior year available funds on the 2022-2023 CDBG budget is anticipated to spend out by the end of 2023. CDBG funds are also complemented with local Community Preservation Act (CPA) funding and Municipal Housing Trust funds. In addition, the City also receives Match funding through the Waltham Hosing Authority MVR vouchers annually. Lastly, the Community Preservation Committee sets ten percent of the annual revenue aside for housing projects.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City of Waltham continues to administer a Section 108 Loan from HUD to test, cap, and revitalize the former municipal landfill, located off Woerd Avenue in the City's Southern Neighborhood District (further discussed in Section AP-50 Geographic Distribution). The project will be to revitalize the former landfill into a park and open space recreational area for residents. Specific project scope items include walking trails, a skate park, and a new playground facility. Portions of the site directly abuts Koutoujian Playground.

The City is also using Housing Trust Funds for the renovation of a City-owned historic property at the former Fernald Development Center site to create two new units of affordable housing. The first phase of the project for exterior renovations is estimated to be finished in the end of June 2023. In March 2023, the City issued approval to use Community Preservation Act funding for the acquisition of land to preserve access to Prospect Hill Park; open space with walking trails and recreation opportunities.

Discussion

The City of Waltham continues to seek innovative ways to leverage CDBG funds with other funding sources and partnerships with private and nonprofit entities.

Table 8 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The City of Waltham will maintain its practice of funding Public Services and Administration within its respective caps of 15% and 20% of total PY49 funding. An additional \$220,000 will also be deducted from PY49 funding for the purpose of satisfying the City's annual Section 108 loan repayment obligation. The remaining PY49 funding will then be distributed between planned Public Facilities activities as well as Rehabilitation Housing Assistance and Rehabilitation of Rental Units.

AP-38 Project Summary

Project Summary Information

Project Name	Public Services
Target Area	Southern Neighborhood District
Goals Supported	Provide Diverse Public Services

Table 12 - Administration Summary

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The entitlement area is interchangeable with the municipal boundaries of the City of Waltham and encompasses approximately 13.75 square miles. While CDBG activities can be permitted anywhere within the entitlement area, subject to these activities meeting a national objective and all eligibility requirements, the City's southern neighborhoods have historically reported higher rates of poverty and low-incomes as well as greater demographic diversity as recorded in the US Census in addition to related federal programs and surveys. In recognition of these populations, and a larger concentration of human and social service agencies, the City has established a Southern Neighborhood District to better highlight the needs of the geographic area. Presently, of the 13 Census Tracts which make up the entitlement area, 7 can be considered part of the Southern Neighborhood District. These tracts are: 3683, 3684, 3685, 3686, 3687, 3688, and 3689.02.

Geographic Distribution

Target Area	Percentage of Funds
Southern Neighborhood District	96%

Table 13 - Geographic Distribution

The majority of overall CDBG funds will go towards projects in the Southern Neighborhood District. However, any funding to projects/organizations outside of the Southern Neighborhood District will still target historically disadvantaged populations and LMI individuals and families such as the Chesterbrook Community Foundation, operating out of the Chesterbrook Gardens WHA site. Note, the CDBG Administration funds are included in the 96% of funds to the Southern Neighborhood District as these funds go towards running programs and managing projects in this area.

Rationale for the priorities for allocating investments geographically

The Southern Neighborhood District is recognized by the City as a target area due to several combining factors based on data primarily collected and reported by the US Census Bureau. These factors include:

- Eligibility - A majority (52%) of the Southern Neighborhood District's population is low- to moderate-income (LMI)
- Over one third of the Southern Neighborhood's population is low-income (37%)
- Precedent – (96%) of the overall activities this year are located in the District, and the funded organizations outside of the District still serve those living in the District such as Waltham Partnership for Youth which operate out of Waltham High School and Chesterbrook Community Foundation which serves residents of the Chesterbrook WHA in North Waltham. The Southern Neighborhood District has historically been a target area for the City to invest in due to CDBG

LMI program eligibility and to increase services to the area of Waltham that is more diverse and has a higher percentage of LMI residents.

- Projected Long-Term Need - A majority ($\pm 72\%$) of the City's approximately 938 permanent federal- and state-subsidized housing units are located in the Southern Neighborhood District.

Discussion

The Southern Neighborhood District has the largest concentration of foreign-born citizens and multi-family dwellings. Further, a majority of the City's affordable housing and public housing units are located within this diverse, multi-family district. The Census Tracts making up the Southern Neighborhood District have been identified based on aggregate income calculated from data made available through the HUD Low- and Moderate-Income Summary Data (LMISD) Map Application.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The City of Waltham, much like all of eastern Massachusetts has experienced year- over-year sustained surges in median home prices. The February 2023 median home listing price in Waltham was \$789,450, versus \$649,900 in February of 2022, which is an increase in over 21 percent (realtor.com). This unaffordability of homes is felt by potential first-time homebuyers, low-moderate income individuals/families, and disadvantaged groups.

The City of Waltham continues to experience barriers to affordable housing, ranging from high land and construction costs to regulatory constraints and economic disparities. While these challenges are shared with neighboring municipalities, Greater Boston, and New England as a whole, the City is fortunate to have strong working relationships with the members of the WestMetro HOME Consortium and the Waltham Housing Authority.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

City staff have completed an informal assessment of affordable housing barriers and identified several actions to create new affordable housing as well as prevent evictions for low-income tenants. Among these actions are:

- Utilizing City-owned property to create new affordable housing units via building renovations and remodels
- Appropriating Community Preservation Act funds to go towards historic renovation projects that can also support affordable housing creation
- Continuing to provide Rental Assistance and Home Rehabilitation programs for residents
- Allocating a minimum five-percent (5%) of annual building permit fees to increase the annual Municipal Housing Trust Fund, and
- Amending local zoning ordinances to permit certain accessory housing uses and establishing procedures to legalize apartments that were not permitted and/or do not presently comply with building and fire codes

Additionally, the City continues to work closely with the Waltham Housing Authority and the WestMetro HOME Consortium on annual Fair Housing training opportunities with the relevant agencies and

organizations in the area.

Discussion

Throughout the remainder of the five-year strategy, the City, through its Planning Department and Housing Division, will continue to assess barriers to affordable housing and prepare for changes to future strategies as needed to most effectively respond.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The City of Waltham has strategically funded projects designed to assist the community, and particularly its LMI residents in overcoming obstacles. The actions listed below are a sample of the numerous actions that can be taken through the CDBG program to support community development.

Actions planned to address obstacles to meeting underserved needs:

This year's public service funding will directly assist in helping underserved needs of historically disadvantaged populations. Opportunities for Inclusion assists those with developmental and intellectual disabilities. Friends of the Family School, Partnership for Youth, Prospect Hill Community Foundation, the YMCA, Chesterbrook Community Foundation, and the Boys and Girls Club all provide after school enrichment programs for low- and moderate-income children in Waltham. Funding will also go towards the Community Day Center to engage in programs and case management for people experiencing homelessness. CDBG funding will also assist Latinos En Accion and Friends of the Family School to provide ESL training for non-English speakers in Waltham. CDBG funding will also go towards individuals that are food insecure and require financial assistance through both the Hope Kitchen and the Utility Assistance Program through the Salvation Army.

The Planning Department and Housing Division also collaborates with the Waltham Police Department Homeless Task Force, local shelters, and organizations and attend meetings and share resources on addressing homelessness.

Through the WestMetro HOME Consortium, Waltham and member communities will engage in a Fair Housing Testing program in PY49. From the results of this survey, Waltham Planning Department and Housing Division staff will gain quantifiable insight on barriers to housing that housing voucher holders, low income, and minority residents face in the Greater Boston area.

Actions planned to foster and maintain affordable housing

In order to foster and maintain the existing affordable housing stock in Waltham, the CDBG program will continue to fund the housing rehabilitation program offering zero interest deferred loans to affordable housing owners. This will help preserve the current housing stock. The Planning Department and Housing Division will also work closely with the Waltham Housing Authority to update existing affordable units. The City also utilizes the Community Preservation Act to fund projects that rehabilitate or create properties that have designated affordable units. Lastly, the Housing Division manages the

Tenant Based Rental Assistance program to people in need of emergency housing payment assistance.

Actions planned to reduce lead-based paint hazards

The City of Waltham will continue to administer its Housing Rehabilitation Loan Fund to owner- and tenant-occupied housing units for various eligible improvements that enhance the occupants' quality of life, including the mitigation of lead-based paint hazards and lead abatement in partnership with the City Public Health department, coordinating delivery to maximize resources.

Actions planned to reduce the number of poverty-level families

The 2021 American Community Survey 5-Year estimate indicates that nearly one out of every ten (8.8%) Waltham residents live below the poverty level. This is more prevalent among foreign-born residents (13.1%) and elderly citizens (10%). The City of Waltham will continue to allocate CDBG funds to sub-grantees primarily in the Southern Neighborhood District that undertake public services directly assisting low-income persons, with particular attention to those living below the poverty level.

Actions planned to develop institutional structure

In the upcoming Program Year, the Planning Department and Housing Division will develop stronger inter-department collaboration in addition to continued engagement with public service organizations and the WHA. Furthermore, in February 2023, the City received NCDA (National Community Development Association) membership, and in PY49, Planning Department staff will enroll in NCDA trainings.

Actions planned to enhance coordination between public and private housing and social service agencies

Please refer to Section AP-10 Consultation (91.215(I)).

Discussion

While the City's Planning Department serves as the local administrator and CDBG project lead, the program's impact and success could not continue without the partnership of local private and nonprofit entities and other government agencies. Specifically, the City and the WHA work with MHSA and the Community Day Center to focus on homeless individuals and increasing access to affordable housing options.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(I)(1,2,4)

Introduction

The amounts and estimate provided below are specific to PY49 only.

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	\$0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	\$0
3. The amount of surplus funds from urban renewal settlements	\$0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	\$0
5. The amount of income from float-funded activities	0
Total Program Income:	\$0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	74% 1 year

Discussion

The City of Waltham estimates that 74% of funds will be used for activities benefiting LMI persons. The estimate is subject to increase if unanticipated program income is received in the future and re-programmed into any activities benefiting LMI persons.

Re: Annual Action Plan Public Comments

This memo is to inform you that we had one (1) public comment regarding the Year 49 Annual Action Plan Public Hearing process. The comment was received for the Annual Action Plan Draft Final Edition public hearing/document release during the 30-day public comment period from April 10, 2023 through May, 10, 2023.

Attached see public comment received on May, 10, 2023 and the response from the Planning Department.

Annual Action Plan Draft Final Edition Public Comment: Received by Planning Department Wednesday, May 10, 2023 at 12:22 PM:

Greetings,

I am a current resident of Waltham and I am concerned that the Waltham Community Leadership Group was not directly consulted or reached out to during the development of the plan to use this grant to improve services for homeless people in Waltham. Speaking to people in the community and visiting that group's meeting, I have learned that homeless people in Waltham don't really have anywhere to go on Sundays or holidays because the Bristol Lodge is closed due to lack of funds. There are also numerous accessibility issues that have not been addressed at the Bristol Lodge which makes it hard for anyone with mobility issues to enter the building. Given that this grant is supposed to address accessibility issues, the Bristol Lodge should be prioritized for funding to fix those issues, as well as to increase its open hours, or find other places that can be open on Sundays to provide a place for homeless folks to rest safely.

Waltham officials need to better canvas the homeless population for input. The report says that so many times there were no public comments, but it is unclear to me how officials advertised the opportunities for comment. Flyers should be put up in the Waltham Community Day center as well as any other places that homeless folks in Waltham go. Additionally, Champlains on the Way and the Waltham Community Leadership Group should be added to any direct outreach lists to give input on these issues since they are working with the community day in and day out and actually put homeless folks in leadership to give direction to addressing their needs.

The first housing summit put on by Waltham Community Leadership Group was a great beginning to addressing our ongoing housing crisis as explained in the action plan draft due to massively increasing rent and land prices in Waltham. I hope Waltham leaders and government officials will continue working with that organization as they plan a second housing summit later this year.

Thank you for the work you do for our community.

Sincerely,
[First Name, Last Name]

Public Comment Response: Sent by Planning Department Thursday, May 11, 2023 at 9:51 AM:

Good morning [First Name]

Thank you for contacting the City of Waltham Planning Department and providing your input on the Community Development Block Grant (CDBG) Program Year 49 Annual Action Plan.

The City of Waltham is committed to supporting homeless assistance programs. In addition to CDBG funding going towards the Community Day Center and (in years past), the Middlesex Human Service Agency (MHSA), Waltham commits City funds to go towards a winter warming shelter program for unhoused individuals operating out of the Community Day Center.

All public meetings related to the CDBG program are advertised on City social media pages, City website, and newspapers. The Planning Department keeps an active listserv of interested parties that receive emails regarding opportunities, meetings, and updates for the CDBG program. Notably, there are members of the Community Day Center, Chaplains on the Way, WATCH CDC, REACH Beyond Domestic Violence, MHSA, and other social service organizations that are on the CDBG listserv.

MHSA/Bristol Lodge has historically been a recipient of CDBG funds by the City. Bristol Lodge/MHSA did not receive any funds for the upcoming 2023-2024 year because they did not put forth a competitive application for funding. The Planning Department was notified by MHSA in February 2023 that the MHSA would not be applying for funds for the upcoming year. From your comment, the City will look into potential ways to assist the MHSA in addressing its accessibility issues.

Thank you again for your input, please let us know if you have any additional questions,

Frank

ASSURANCES - CONSTRUCTION PROGRAMS

OMB Number: 4040-0308
Expiration Date: 02/28/2025

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0042), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

- Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.
- Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
- Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
- Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
- Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.
- Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
- Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
- Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4720-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
- Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
- Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686) which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 ds-3 and 280 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§2601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

Prescribed by OMB Circular A-102

11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
13. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333) regarding labor standards for federally-assisted construction subagreements.
14. Will comply with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11980; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
16. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
17. Will assist the awarding agency in assuring compliance with Section 108 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470); EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
19. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
20. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from: (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect; or (3) Using forced labor in the performance of the award or subawards under the award.

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing.

Uniform Relocation Act and Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-L.L.L., "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701a) and implementing regulations at 24 CFR Part 75.

Title

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 44 (2023-2024) [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, I, K and R.

Compliance with Laws -- It will comply with applicable laws.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If it plans to provide tenant-based rental assistance, the tenant-based rental assistance is an essential element of its consolidated plan.

Eligible Activities and Costs -- It is using and will use HOME funds for eligible activities and costs, as described in 24 CFR §§92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in §92.214.

Subsidy layering -- Before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing:
