PURCHASING DEPARTMENT

**CONSTRUCTION AND INSTALLATION OF  
TWO (2) VERTICAL CLIMBING WALLS**

**ADDENDUM NO. 1**

October 24, 2014

**CHANGES, CORRECTIONS AND CLARIFICATIONS**

The attention of bidders submitting proposals for the above subject project is called to the following addendum to the specifications. The items set forth herein, whether of omission, addition, substitution or clarification are all to be included in and form a part of the proposal submitted.

THE NUMBER OF THIS ADDENDUM (NO. 1) MUST BE ENTERED PRICE SHEET PAGE IN ANY BLANK AREA

---

**ITEM 1: ANSWERS TO POSED QUESTIONS**

**Q1. Will the School District relocate the single electric fire alarm conduit in the location where the wall will go?**

**A1. Unfortunately the School District does not have the personnel to do this. The successful contractor will be required to move whatever electrical service is in the way.**

**Q2. What is the working schedule that the installation crew will be allowed to follow?**

**A2. The high school hours are 7:00am to 3:00 pm. Starting December 1st there will be a team in the gym every afternoon from 3:00 to 7:00pm. The gym is also rented every Saturday from 8:30am to 4:30pm. The installation crew is allowed to work at any time other than the hours indicated above.**

**As far as the working schedule for the Boys & Girls Club, the hours available there are from 7:00am to 2:00pm. The Club starts its programming at 2:00pm.**

**Q3. At the Boys & Girls Club, who is responsible for removing the radiator and pipes where the wall is to be installed?**

**A3. The radiator removal is the responsibility of the contractor where the climbing wall will be built only (not entire gym):**

- 1. Disconnect and cap steam lines feeding radiator**
- 2. Remove and dispose pipes and radiator**

**It is estimated the job to cost \$1,000**

**Q4. At the Boys & Girls Club, are the vents on the side wall still in use (HVAC) or can they install over them?**

**A4. Both the water fountains and the HVAC vents are not in use and can be covered by the climbing wall.**

**End of Addendum 1**
