CHANGES, CORRECTIONS AND CLARIFICATIONS

The attention of bidders submitting proposals for the above subject project is called to the following addendum to the specifications. The items set forth herein, whether of omission, addition, substitution or clarification are all to be included in the Bid price form and shall be part of the proposal submitted.

ITEM 1: ANSWERS TO POSED QUESTIONS

Q1. Page 5 of the bid documents last sentence states "At the time of the contract the contractor must have a current DUNS number an active SAM.gov registration along with DCAMM Certification.

A1. Please go the the following web sites for more information www.sam.gov – required to be registered as this is a federally funded project <http://www.dnb.com/> - required to have a DUNS number as this is a federally funded project

Q2. Page 23 – states general bidders must be certified by the Division of Capital Asset Management in the category of General Construction.

A2. This project is estimated to be well below the DCAM threshold of \$100K Therefore no DCAM certificate is required. However if your company is DCAM certified please include the certification.

Q3. Will the City make a street hydrant available for water?

A3. Yes, we would just require a testable backflow device and meter setup on the hydrant. The setup shall be furnished by the contractor and tested by a City inspector prior to use.
