655 Lexington Street (former North Branch Library), 89-91 Maple Street and
Baldwin Cottage (former Fernald School)**

ADDENDUM NO. 2

February 25, 2022

CHANGES, CORRECTIONS AND CLARIFICATIONS

The attention of bidders submitting proposals for the above subject project is called to the following addendum to the specifications. The items set forth herein, whether of omission, addition, substitution or clarification are all to be included in and form a part of the proposal submitted.

THE NUMBER OF THIS ADDENDUM (NO. 2) MUST BE ACKNOWLEDGED ON FORM FOR GENERAL BID, SECTION 00 31 00 - 1

ITEM 1: ANSWERS TO POSED QUESTIONS:

Q1. The spec refers to removal of Kelly, CERC and Shriver buildings as PCB Bulk Product Waste. These buildings were part of a separate town project back in 2018. Can you clarify this and also what PCB concrete the addendum 1 refers to? The note about PCB concrete doesn't seem to apply anywhere besides these sections of the spec, which we assume are incorrect. Please clarify.

A1. Please disregard all reference to Kelly, CERC and Shriver buildings in the Specs. Also please disregard all reference to PCB Concrete within the Specs as well as Addendum 1. This does not apply to this project.
