GENERATOR REPLACEMENT, PUMP STATION #2 AT 356 SECOND AVENUE

ADDENDUM NO. 4

August 21, 2012

CHANGES, CORRECTIONS AND CLARIFICATIONS

The attention of bidders submitting proposals for the above subject project is called to the following addendum to the specifications. The items set forth herein, whether of omission, addition, substitution or clarification are all to be included in and form a part of the proposal submitted.

THE NUMBER OF THIS ADDENDUM (NO. 4) MUST BE ENTERED IN THE SECTION 004113 - BID FORM – STIPULATED SUM

ITEM NO.: 1 ROOF WORK AND REPAIR

The roof membrane was recently replaced with an EPDM liner from Roofing Products International (RPI). The Contractor shall contact the roof installer (RPI) using the information provided below prior to cutting into the roof for the exhaust. The Contractor shall use the services of RP (if necessary) to ensure the work performed (and subsequent finish work) during the roof opening does not void the warranty. All costs for work performed by RPI to ensure the finish product is watertight, shall be included in the lump sum price for this project. The Contractor shall ensure the roof warranty is still valid after the work is complete for the generator installation, at no additional cost to the Owner. The contact information for the roof installer is listed below:
