Notwithstanding the foregoing, any required attendance by the Designer at any public hearing in connection with any Permit shall be considered an Additional Service to be compensated in accordance with Article 6 of this Contract, and any Permit application fee shall be considered a Reimbursable Expense to be reimbursed in accordance with the provisions of Article 7.

**3.15 Permits Related to Change Orders.** The Designer shall also provide to the Awarding Authority a written certification of all Permits required to implement change order work at the site when the Designer submits for approval any change order request to the City of Waltham during the construction phase of the Project, whether the change order request was made by the Designer, the City of Waltham, or the general contractor.

The identity of such Consultants shall be approved in advance by the City of Waltham, which Approval shall not be withheld unreasonably. When such a special Consultant's services are required, including the services of a Qualified Testing Laboratory functioning under the jurisdiction of both a Massachusetts registered engineer and licensed inspectors, a detailed description of the proposed services shall be prepared by the Designer and shall be subject to the Approval of the City of Waltham. Consultant fee proposals shall be obtained by the Designer from at least three such consultants and submitted to the City of Waltham together with the Designer's recommendation for selection before any work shall be approved. The City of Waltham may waive the requirement for three proposals for good cause. Each such Consultant whose fee for such services exceeds \$25,000 shall demonstrate coverage by liability insurance in an amount not less than its fee. The cost for services of any Approved special Consultant not listed in Section 3.8, in the Scope of Services or in the Designer Selection Board advertisement for the Project shall be reimbursed as provided in Article 7. The Designer agrees on behalf of itself and its Consultants and subcontractors that the City of Waltham and the Public Entity shall have unlimited royalty-free rights, for the benefit of the City of Waltham and the Public Entity and any public entity to which the City of Waltham or the Public Entity may grant the right to share such rights, in any and all drawings, designs, specifications, photographs, images, notes, materials and other work and ideas developed in the performance of this Contract, including the right to use the same on any Public Entity or other public entity projects. The Designer shall incorporate by reference this provision into all contracts with its Consultants and subcontractors on this Project including, but not limited to, architects, engineers, estimators, designers and photographers. The Designer and its Consultants and subcontractors shall not be responsible for changes made in the documents without the Designer's authorization, nor for the City of Waltham's or other public entity's use of the documents on projects other than the Project, unless this is a contract for design services for a master plan or prototype. The City of Waltham assumes the risk resulting from any such changes made in the documents without the Designer's authorization, or for the City of Waltham's or other public entity's use of the documents on projects other than the Project.

**3.18 Security and Confidentiality.** The Designer and its Consultants and subcontractors shall maintain the confidentiality of Project records, including, but not limited to, all prints, plans, policies, procedures, studies, specifications and drawings, which relate to internal layout and structural elements, electrical and mechanical systems, security measures, emergency preparedness, threat or vulnerability assessments, and any other records relating to the security or safety of persons or buildings, structures, facilities, utilities, transportation or other infrastructure located within the City, the disclosure of which, in the reasonable judgment of the City of Waltham, is likely to jeopardize the safety of persons or property. Without limiting the foregoing, if the Project is a designated "Security Sensitive Information" project, the Designer shall execute a separate Security Sensitive Information Procedures and Confidentiality Agreement and shall comply with such document requirements as may be referenced in said agreement.

Otherwise the Designer shall develop at least three alternative designs to a pre-schematic level. For the purposes of the preceding sentence "pre-schematic" means a general design concept level including program space and building envelope, footprint, massing, volume, orientation, and site context. Each pre-schematic alternative shall include a Construction Cost Estimate in Uniformat II Level 1 format. The Designer shall review with the City of Waltham the alternative designs and shall make a recommendation as to the preferred alternative. Upon selection by the City of Waltham of the preferred alternative, the Designer shall develop the preferred alternative to a full schematic design level. Schematic design level documentation shall incorporate City of Waltham and User Agency comments and shall include:
  - (a) drawings, concept sketches, three dimensional representations, and specifications;

- (g) a space measurement analysis for the design which shall verify that the sum of all program floor areas in the Project plus all other floor areas in the Project equal the Gross Floor Area of the Project;
- (h) a Construction Cost Estimate for the design in Unifomat II Level 2 format with aggregated unit rates and quantities supporting each item and verified as accurate and complete by the cost estimator and/or Owner's Project Manager , if any, employed by the City of Waltham;

- v. Schematic design phase drawings, specifications, Construction Cost Estimates and other submittals shall be subject to the written Approval of the User Agency and the City of Waltham. Unless a lesser number is requested by the City of Waltham, the Designer shall submit to the City of Waltham for approval six (6) copies of schematic design drawings, specifications, cost estimates, and other submittals.
