

The City of Waltham

Invites,
in accordance with
the Massachusetts General Law Chapter 7C,
Interested Parties
To propose the best plan

For the:

DESIGN of BEAVER BROOK CULVERT IMPROVEMENTS

Your response is due to the Purchasing Office no later than

10:00 am Tuesday October 14, 2014

Site Inspection and Briefing: 10:00 AM Tuesday October 7, 2014

(Meet at the corner of Waverley Oaks Rd and Beaver Street, propane tanks)

Last day for written questions: 12 noon, Friday October 10, 2014

**REQUEST FOR QUALIFICATIONS
FOR DESIGNER SERVICES FOR THE
DESIGN of BEAVER BROOK CULVERT IMPROVEMENTS**

DESCRIPTION OF SERVICES

The DESIGNER shall provide field survey, engineering, and environmental permitting services involved in the design of the Beaver Brook culvert replacement and associated roadway improvements on Beaver Street in Waltham, Massachusetts.

I. GENERAL INFORMATION AND SUBMISSION REQUIREMENTS.

- 1) RFQ packages can be obtained from the City web Site at www.city.waltham.ma.us/open-bids for this Request for Qualifications which is made in accordance with MGL c.7C §44-58 and §1-61. **The original and three copies of the proposal are required.**

a. The non-price proposal envelope must be sealed and clearly marked:

Non-Price Proposal – DESIGN of BEAVER BROOK CULVERT IMPROVEMENTS

b. The Price proposal envelope must be sealed and clearly marked:

Price Proposal – DESIGN of BEAVER BROOK CULVERT IMPROVEMENTS

- 2) Award date. Award will be made within forty-five (45) days after the due date unless otherwise stated in the specifications or the time for award is extended by mutual consent of all parties. All RFQ's submitted shall be valid for a minimum period of forty-five (45) calendar days following the date established for acceptance.
- 3) **Questions** concerning this RFQ must be submitted in writing to: Joseph Pedulla, CPO before **12 noon, Friday October 10, 2014**. Questions may be delivered, mailed, emailed, jpedulla@city.waltham.ma.us Written responses will be mailed or faxed to all bidders on record as having requested the RFQ.
- 4) RFQ's may be modified, corrected or withdrawn only by written correspondence received by the Waltham's Purchasing Department prior to the time and date set for the bid opening. Bid modifications must be submitted in a sealed envelope clearly labeled "Modification No. ____" and must reference the original RFQ.
- 5) After the bid opening, a bidder may not change any provision of the bid in a manner prejudicial to the interests of the City of Waltham. Minor informalities will be waived or the bidder will be allowed to correct them. If a mistake and the intended bid are clearly evident on the face of the bid document, the mistake will be corrected to reflect the intended bid, and the bidder will be notified in writing; the bidder may not withdraw the bid. A bidder may withdraw a bid if a mistake is clearly evident on the face of the bid, but the intended correct bid is not similarly evident.
- 6) The City of Waltham reserves the right to reject any and all RFQ's and to waive any informality in RFQ's received whenever such rejection or waiver is in its best interest.
- 7) The City of Waltham will not be responsible for any expenses incurred in preparing and submitting RFQ's. All RFQ's shall become the property of the City of Waltham.
- 8) Responders must be willing to enter into the City of Waltham standard form of contract that will include the

scope of services description of this RFQ.

- 9) The bid, and any subsequent contract for the services, is hereby issued in accordance with applicable Massachusetts General Laws. The selected bidder shall be expected to comply with all applicable state and federal laws in performance of service.
- 10) RFQ's received prior to the date of opening will be securely kept, unopened. No responsibility will attach to an officer or person for the premature opening of a bid not properly addressed and identified.
- 11) Any RFQ's received after the advertised date and time for opening will be returned to the responder unopened.
- 12) Purchases by the City of Waltham are exempt from federal, state and municipal sales and/or excise taxes.
- 13) All the documents in the COMPLIANCE Section must be included with the bid response. The bid must be signed by the authorized individual(s).
- 14) Unexpected closures. If, at the time of the scheduled bid opening, City Hall is closed due to uncontrolled events such as fire, snow, ice, wind or building evacuation, the bid opening will be postponed until 2:00 PM on the next normal business day. RFQ's will be accepted until that date and time.
- 15) The City of Waltham is an Affirmative Action/Equal Opportunity Employer. The City encourages RFQ's from qualified MBE/DBE/WBE firms.
- 16) Responses to the RFQ must be prepared according to the guidelines set forth herein. Selection of the successful responder will be based upon an evaluation and analysis of the information and materials required under the RFQ.

II. SCOPE OF SERVICES.

This Request for Proposal is for the preparation of plans and specifications, cost estimating, bidding documents, and construction documents for the Design of the Beaver Brooke Improvements.

Project Description:

NOTE: *An onsite visit to review the physical space of the location of this project has been scheduled and is highly encouraged prior to submitting price and non-price bids.*

The Beaver Street Culvert is located on Beaver Street between the existing railroad tracks to the south and Waverly Oaks Road to the north in Waltham Massachusetts. Beaver Street is a two lane roadway (one lane in each direction) with two timber sidewalks. The western sidewalk is in poor condition and is unusable. Based on field observations, sections of the culvert roof and wing-walls appear to be deteriorating. A steel plate is in place on Beaver Street to facilitate traffic.

The culvert crosses Beaver Street at an angle with Beaver Brook flowing in a westerly direction. There are manholes observed on the northwestern side of the culvert, overhead lines on the western side along Beaver Street, and an Exxon underground utility that crosses the street parallel to the culvert.

Due to the apparent deteriorated nature of the existing culvert structure, the CITY shall develop plans to replace the existing culvert structure. The CITY shall assume that new sidewalks shall be designed on both sides of the culvert thus requiring additional culvert length. The dimensions of the culvert and the wing walls will be determined during the design process.

Beaver Street in the vicinity of Beaver Brook and is within the 100-year floodplain. In addition, the existing culvert has a MassDOT structure number (W-04-016).

PROJECT LIMITS

The project limits are generally shown on the attached locus map. The project survey limits are as follows:

- Beaver Street - from Beaver Brook 100 feet northwest and 200 feet southeast for a total length of 300 feet.
- Beaver Brook - approximately 50 feet east and 50 feet west of Beaver Street

DESCRIPTION OF IMPROVEMENTS

The design services shall concentrate on the following:

- Engineering research and field survey
- Preliminary design
- Environmental permit applications
- Construction plans, specifications, and estimate
- Project Meetings
- Construction phase services
- Culvert and wing-wall design
- Traffic management plans

The services described in this RFP shall be performed in six (6) tasks, which are described in detail below.

The fee for designer services is proposed by the firm in a separate sealed envelope.

TASK 1: ENGINEERING RESEARCH AND FIELD SURVEY

The DESIGNER shall perform a field survey to locate existing ground features along the roadway and 20 feet from edge of pavement. The survey will include approximately 50 feet of Beaver Brook on both sides of Beaver Street. The survey shall include the locations of such features as: paved areas, curbing, landscaping, sidewalk, walls, surface utilities, drainage and sewer rims and inverts, monuments, wetland and/or bank flags, etc. that are located within the limits of work. In addition, ground elevations will be taken at sufficient locations to produce one-foot (1') contours throughout the project limits. The DESIGNER shall set a benchmark outside the limit of work. Horizontal and vertical control will be based on the Massachusetts State Plan 1983 and City of Waltham Datum (NGVD29 + 5.65).

The survey shall meet current MassDOT English standards including horizontal and vertical control.

Deliverables: The deliverables of this task will be the base drawings upon which design efforts will be based. The DESIGNER shall be entitled to reasonably rely on the accuracy and completeness of information obtained as a result of its field reconnaissance efforts.

TASK 2: PRELIMINARY ENGINEERING

2.1 Preliminary Culvert Design. The Beaver Brook culvert appears on the MassDOT NBIS Master List with a reference number W-04-016 and BIN number of 7YW. As such, the culvert replacement design will require a Chapter 85 Structural review by MassDOT's Bridge section. Refer to the final design task for description of the scope of this work.

The DESIGNER shall perform structural design and prepare preliminary construction documents for the complete replacement of the Beaver Street Culvert and associated wing-walls that carry Beaver Street over Beaver Brook in Waltham, MA. All work shall be performed in accordance with MassDOT Bridge Manual and the latest edition of AASHTO.

Design efforts are as follows:

2.1.1 Coordinate with geotechnical engineer regarding report and recommendations. Visit site.

2.1.2 Prepare layout of proposed precast culvert and precast wing-wall structure including staged construction taking into account necessary measures to maintain traffic.

2.1.3 Coordinate with prefabricator regarding product geometry and construction requirements.

2.1.4 Develop construction drawings, special provisions and construction cost estimate.

2.2 Geotechnical Investigation and Recommendations

The DESIGNER shall perform soil borings and geotechnical recommendations for culvert and wing wall design. The purpose of these services is to explore the subsurface conditions near the existing culvert and to provide foundation design and construction recommendations for the proposed culvert. The scope of services for these tasks is as follows.

2.2.1 Utility Location - DESIGNER will mark the proposed boring locations in the field, and a drilling contractor will contact the utility clearance agency (Dig Safe Systems, Inc.) to assist in locating underground utilities at the site. A representative of the City of Waltham shall observe the proposed boring locations to clear them of water and sewer lines as these utilities are not covered by Dig Safe.

Record drawings of existing City utility drawings shall be provided to the DESIGNER before the start of explorations.

2.2.2 Street Opening Permit - Drilling contractor shall apply for and obtain a street opening permit. A drilling contractor shall advance two borings at the site to depths of up to 30 feet beneath the ground surface. The borings shall be advanced using a truck mounted drill rig. The drilling contractor shall perform standard penetration tests (SPT) and obtain split spoon samples at 5-foot intervals and at perceived strata changes. The borings will be backfilled with the soil cuttings. Typically two borings could be completed in one day. However, if the street opening permit restricts the drilling to non-rush traffic hours, the drilling may extend into a second day. '

2.2.3 Traffic Management – The drilling contractor will implement a traffic management plan consisting of road signs and cones.

Geotechnical Field Engineer - A field engineer will be required at the site to coordinate and observe the drilling, collect soil samples, and prepare field logs.

Laboratory Testing – DESIGNER will submit four soil samples for grain-size analysis or Atterberg Limits.

Geotechnical Report - DESIGNER will prepare and submit two copies of a geotechnical report with the following:

- Summary of the subsurface investigation methods used;
- Description of the subsurface conditions;
- Boring logs;
- Plan showing boring locations;
- Depth to refusal, if encountered;
- Groundwater data;
- Laboratory test results;
- Minimum soil cover for frost protection of footings/abutments;
- Recommendations for feasible foundations for the proposed culverts;
- Estimated total and differential settlement;
- Seismic design recommendations;
- Recommendations for sub-grade preparation and backfill including removal of unsuitable soils, if applicable

2.3 Preliminary Roadway / Sidewalk Design.

The DESIGNER shall prepare preliminary plans for roadway and sidewalk rehabilitation/replacement. The DESIGNER shall perform the following services:

2.3.1 Prepare graphic geometrics of roadway and sidewalk.

2.3.2 Design a typical roadway section.

2.3.3 Define project limits, construction materials, and conceptual details.

2.3.4 Outline land-takings required, if any.

2.3.5 Prepare preliminary traffic management plans.

2.4 Preliminary Estimate.

A preliminary construction estimate shall be prepared for a budget for the project.

3.0 PREPARATION OF ENVIRONMENTAL PERMIT APPLICATIONS

The DESIGNER shall assume that the proposed project will result in wetland impacts less than 5,000 square feet. The scope is as follows based on this assumption:

3.1 Wetland Delineation.

DESIGNER shall visit the project site to review the surrounding area and delineate regulated wetland resource areas subject to federal, state or local jurisdiction Bordering Vegetated Wetlands (BVW) if present, and Bank. Wetland areas will be delineated with uniquely numbered plastic surveyors flagging.

Deliverable: DESIGNER will delineate the project site subject to state and federal jurisdiction suitable for location by engineering survey in Task 1.

3.2 Preparation of a Notice of Intent pursuant to the WPA.

The construction of the culvert replacement will require work within wetland resource areas including Bank, Land Under Water, Land Subject to Flooding, Riverfront Area, and within the state regulated 100-foot buffer zone. Approval of this work will require the filing of a Notice of Intent (NOI) with the Waltham Conservation Commission and the Massachusetts Department of Environmental Protection (DEP). A Notice of Intent will be prepared to comply with the provisions of the Massachusetts Wetlands Protection Act and will include:

- The Notice of Intent Form (Form 3);
- Site Description;
- Project Description;
- Mitigation Measures;
- Regulatory Compliance;
- Drainage Memorandum, and Checklist for Storm water Report; and
- Project Plans.

The NOI will be provided to the City of Waltham for review prior to submission to the Conservation Commission and DEP. Abutters will be notified of the first public hearing by U.S. mail; return receipt. DESIGNER will attend all Conservation Commission public hearing and a site walk if necessary. Colored boards of the project plans will be prepared for use in the presentation to the Conservation Commission.

3.3 U.S. Army Corps of Engineers Massachusetts (USACE) General Permit Category I.

Since the project will includes activities and alterations of Waters of the U.S. (Beaver Brook) authorization pursuant to the Massachusetts General Permit (Mass GP) will be required from the USACE pursuant to Section 404 of the Federal Clean Water Act. The Project is anticipated to impact less than 5,000 square feet of federally regulated wetland resource and will be eligible for authorization as a Category I project under the Mass GP. Authorization under the Mass GP requires notification to interested historic review agencies, including the Wampanoag Tribe of Gay Head, and the State Historic Preservation Officer, using the Project

Notification Form (PNF). In addition, Appendix C: Category Form 1 will be prepared for submission to the USACE prior to the start of construction.

4.0 FINAL ENGINEERING

Following approval, acceptance, or modification of the deliverables of the preliminary phase by the CITY, the DESIGNER shall proceed with Final Engineering tasks as outlined below.

4.1 Final Culvert Design.

For the final culvert design, the following design efforts are anticipated:

- 4.1.1 Develop special provisions and cost estimate.
- 4.1.2 Submit plans and specifications to MassDOT for Chapter 85 Structural Review.
- 4.1.3 Review and respond to design comments received from MassDOT Chapter 85 review.
- 4.1.4 Prepare final drawings, specifications and cost estimate.
- 4.1.5 Attend one meeting with MassDOT Bridge Section to review project.

4.2 Final Design.

Plans and Specifications: The DESIGNER, in the advancement of the final design for the project, shall prepare the final design submission for review and comment by the City of Waltham and MassDOT Bridge Section for Chapter 85 safety Review. Comments made by the City of Waltham and MassDOT during each design phase shall be considered and incorporated, as appropriate, during this task. In the development of the final design and the preparation of the Contract Plans and Specifications, the DESIGNER shall perform the following project tasks:

4.2.1 Roadway and Culvert Design - Provide design plans and calculations for:

- Construction materials for roadway and sidewalk
- Roadway and sidewalk layout
- Drainage adjustments
- Pavement markings
- Sign Summary
- Typical Sections
- Alignment and grading
- Construction details
- Traffic Management Plans
- Culvert and wing-wall design

4.2.2 Utilities - Coordinate with municipality and private utility companies to establish relocation and/or modification procedures for existing utilities compatible with proposed improvements. This task does not include the design of new utilities (public or private).

4.2.3 Special Provisions - Prepare Special Provisions to the Standard Specifications in accordance with MassDOT procedures and based on the Standard MassDOT Specifications for Highways and Bridges.

4.2.4 Construction Phasing - Develop traffic management plans and construction staging plans that will permit access to adjacent properties, and manage traffic through the construction zones. Detour plans will be discussed with the City.

4.2.5 Bid Documents - The DESIGNER shall prepare Bidding Documents for use by the City in soliciting construction bids. The package shall include technical specifications and bid forms.

4.2.6 Written Questions – The DESIGNER shall answer all technical questions in writing and submit to the City for the preparation of addenda. All Technical Questions must be answered within 48 hrs. of receipt.

5.0 PROJECT MEETINGS

Various meetings are required throughout the design process. The meetings anticipated for this project are outlined below for the purpose of developing a budget. Should the estimate for meetings be exceeded, additional compensation will be required.

5.1 Project Meetings.

The DESIGNER shall attend project meetings with the City of Waltham, agencies, organizations, and other groups as requested by the City. Services include preparation, travel, attendance, supporting graphics (when required) and documentation in the form of meeting notes.

5.2 Public Meetings/Hearings.

The DESIGNER shall attend public meetings/hearings with the City. Services include preparation, travel, attendance, supporting graphics (when required) and documentation in the form of meeting notes. For the purpose of this Proposal, the DESIGNER shall assume attendance for the following:

- Conservation Commission public meeting/hearing are included in the Preparation of Environmental Permit Application phase.
- Public Informational Meeting.

6.0 CONSTRUCTION PHASE SERVICES - FULL TIME

It has been assumed that the construction schedule will be eight (8) weeks. The DESIGNER shall provide full-time construction services for the duration of the project as outlined below:

6.1 General Administration of Construction Contract. The DESIGNER shall consult with and advise the CITY and act as the CITY's representative. All of the CITY's instructions to Contractor(s) will be issued through the DESIGNER who will have authority to act on behalf of the CITY to the extent provided in said Standard General Conditions, except as otherwise provided in writing.

6.2 Visit Site and Observe Construction. The CITY shall agree to the following in connection with observing the work of Contractor(s) while it is in progress:

6.2.1 The DESIGNER shall visit the site at intervals appropriate to the various stages of construction as the DESIGNER deems necessary in order to observe, as an experienced and qualified design professional, the progress and quality of the various aspects of Contractor(s)' work. In addition, the DESIGNER shall provide the services of a Resident Project Representative at the site to assist DESIGNER and to provide more continuous observation of such work. Based on information obtained during such visits and observations, DESIGNER shall endeavor to determine in general if such work is proceeding in accordance with the Contract Documents. The DESIGNER shall keep the CITY informed of the progress of the work.

6.2.2 The Resident Project Representative will be the DESIGNER's agent or employee and under the DESIGNER's supervision.

6.2.3 The purpose of the DESIGNER's visits to and representation by the Resident Project Representative at the site will be to enable the DESIGNER to better carry out the duties and responsibilities assigned to and undertaken by DESIGNER during the Construction Phase, and in addition, by exercise of the DESIGNER's efforts as an experienced and qualified design professional, to provide for CITY a greater degree of confidence that the completed work of Contractor(s). will conform generally to the Contract Documents and that the integrity of the design concept as reflected in the Contract Documents has been implemented and preserved by Contractor(s). On the other hand, the DESIGNER shall not, during such visits or as a result of such observations of Contractor(s), work in progress, supervise, direct, or have control over Contractor(s)' work nor shall the DESIGNER have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected by Contractor(s), for safety precautions and programs incident to the work of Contractor(s), or for any failure of Contractor(s) to comply with laws, rules, regulations, ordinances, codes, or orders applicable to Contractor(s) furnishing and performing their work.

6.3 Shop Drawings. The DESIGNER shall review and approve or otherwise act upon Shop Drawings, samples, and other data that Contractor(s) are required to submit, but only for conformance with the design concept of the project and compliance with the information given in the Contract Documents.

6.4 Inspections and Tests. The DESIGNER shall have authority as the CITY's representative to require special inspection or testing of the work. The DESIGNER shall also receive and review all certificates of inspections, tests, and approvals required by laws, rules, regulations, ordinances, codes, orders, or the Contract Documents (but only to determine generally that their content complies with the requirements of, and the results certified indicate compliance with, the Contract Documents).

6.5 Disputes between CITY and Contractor(s). The DESIGNER shall act as initial interpreter of the requirements of the Contract Documents and judge of the acceptability of the work there-under and make decisions on all claims of CITY and Contractor(s) relating to the acceptability of the work or the interpretation of the requirements of the Contract Documents pertaining to the execution and progress of the work.

6.6 Applications for Payment. Based on the DESIGNER's on-site observations as an experienced and qualified design professional, on information provided by the Resident Project Representative, and on review of applications for payment and the accompanying data and schedules:

6.6.1 The DESIGNER shall determine the amounts owed to Contractor(s) and recommend in writing payment to Contractor in such amounts. Such recommendations of payment will constitute a representation to CITY

based on such observations and review, that the work has progressed to the point indicated, and that, to the best of DESIGNER's knowledge, information, and belief, the quality of such work is generally in accordance with the Contract Documents. In the case of unit price work, DESIGNER's recommendations of payment will include final determinations of quantities and classifications of such work.

6.7 As-Built Drawings: At the completion of the project, the DESIGNER shall provide record drawings in AutoCAD and pdf format detailing any changes to the design that occurred during construction.

III. PROPOSAL EVALUATION PROCEDURE

The Chief Procurement Officer and a subcommittee will evaluate qualifications on the basis of criteria contained herein. Submittals failing to comply with one or more of the minimum criteria stated below shall be disqualified from further consideration.

Submittals that comply with the minimum criteria will be further evaluated on the basis of the comparative criteria detailed below. Each proposal meeting the minimum criteria will be assigned a rating for each comparative criterion, as well as a composite rating. Selection of the three finalists will be based on meeting all minimum criteria, and the evaluation of qualifications with regard to the comparative criteria. The City will rank the three finalists.

A. Minimum Evaluation Criteria

The Chief Procurement Officer shall reject Proposals which do not meet the following certain minimum requirements:

- 1) Submitting architectural firm must have a minimum of five (5) projects during the past five years involving similar MEP Design services in Massachusetts.
- 2) The Proposal must be from an individual or established business, corporation, partnership, sole proprietorship, joint stock company, joint venture, firm, or other entity engaged in the practice of providing such services as the principal business for which the entity was formed.
- 3) The firm must possess all necessary current licenses and registrations, as applicable, either within the firm or through independent consultants, to qualify under Massachusetts law to perform the stated services. All consultants carried by the Architect are to be licensed to provide professional services in the Commonwealth of Massachusetts.
- 4) All Proposers must provide a "Contractor Profile" that includes:
 - a. Full name, tax identification number, main office address and officers of the Contractor that would ultimately enter into a Contract with the Waltham Public Schools.
 - b. History and background including when the Contractor was organized and if a corporation, where incorporated, and how many years engaged in providing the stated services. Provide a complete list of officers and/or associates who will be directly involved with the stated project including name, title, address, telephone number, and e-mail address.
- 5) The proposer must have completed and signed the Commonwealth of Massachusetts, Division of Capital Asset Management (DCAM).
- 6) The Proposal must be signed by an agent of the company who has authority to bind the company to a firm bid price.

- 7) All responses are to include a statement that the Proposal is in accordance with this Request for Qualifications and that the proposer has read and understands all sections and provisions herein. Exceptions, if any, are to be clearly stated.
- 8) The completed COMPLIANCE Section

B. Staffing Requirements

1. The designer must set forth the staffing to be utilized for this service, including the estimated percentage of time to be dedicated to this project.
2. Submitting firm must be prepared to contractually commit all individuals as submitted in their Proposal to this service. Any deviation from the proposed will constitute a breach of Contract to any agreement which may result from this Request for Qualifications.
3. The Proposal must include resumes, experience, and qualifications of any proposed consultants that would be utilized by the Proposer in the performance of this contract. Any deviation from the architect's listed consultants or their team will constitute a breach of Contract to any agreement which may result from this Request for Proposals. Any change in consultants listed in the Proposal must obtain approval from the City.
4. Should it become impossible for a contractually committed individual to complete his duties, for a reason such as termination of employment, any change in the Proposers staffing as outlined in the Proposal will be subject to the approval of the Waltham Public Schools. The Waltham Public Schools Project Administrator, or designee, shall notify the proposer within fifteen (15) business days of the acceptance or rejection of any such staff substitutions. Any substituted person must be of an experience level equal to or greater than the person being replaced unless approved by the City.

C. Additional Narrative Information

1. Provide evidence that the firm has an established and implemented Affirmative Action Plan.

D. Miscellaneous Requirements

Public Relations: The City of Waltham and the Proposer shall cooperate in maintaining good public relations throughout the period of this project. Any announcements including, but not limited to, press releases, bill stuffers, flyers, web site information, and so forth, shall be submitted to the Project Manager, or designee, for review and approval before distribution to the public.

The Architect, or a representative of the firm given the Contract may be required to meet privately or publicly with various representatives, committees, boards, or commissions of the City of Waltham or other public forums, to discuss this project, gather information, and address any concerns or to provide timely updates.

F. Financial Scope of Services

The Price Proposal must be submitted in a separately sealed envelope and no mention of the pricing portions of the Proposal shall be mentioned in the technical, or non-price qualifications portion of the Proposal. Failure to meet this stipulation may be cause for the Proposal to be rejected.

COMPARATIVE EVALUATION CRITERIA

The City reserves the right to award the contract to the responsive and responsible qualification submittal which best meets the City's needs, taking into account firm qualifications, submittal quality, evaluation criteria and proposal price. The awarding authority's decision or judgment on these matters shall be final; the committee will use the comparative criterion for each separate rating area, and based upon these criteria, will assign an overall rating to each proposal. Each of the criteria may contain ratings of:

Unacceptable
Not Advantageous
Acceptable
Advantageous
Highly Advantageous

An "Unacceptable" rating in any one of the criteria will eliminate the proposal from further consideration.

Firms must meet the minimum requirements as specified in Section III A. Failure to meet the minimum evaluation criteria will result in immediate rejection of the qualification submittal and will not be subject to further review.

The following criteria will be used in the evaluation of the architectural firm regarding the Technical or Non-Price Proposal in order to be placed on the short list for an interview with the Selection Committee.

Responding Firms are to address each of the following criteria in a clearly labeled section of their response and in the same order.

- 1) The Firm Background and Capability** to perform all of the aspects of the project, such as programming, building permitting, cost estimating and value engineering, architectural, mechanical, fire protection and electrical engineering.
 - a. Unacceptable:** Less than three (3) years of experience in providing Design services in Massachusetts with documented examples of such services.
 - b. Acceptable:** Three (3) to five (5) years of experience in providing Design services in Massachusetts with documented examples of such services.
 - c. Advantageous:** More than five (5) years of experience in providing Design services in Massachusetts with documented examples of such services.
 - d. Highly Advantageous:** More than seven (7) years of experience in providing Design services in Massachusetts with documented examples of such services.
- 2) Recent Relevant Experience** with projects comparable to the proposed project. Firm to describe relevant Massachusetts, permitting and design in this type of facility project.
 - a. Unacceptable:** Firm has no permitting or design background in providing this type of facility project. No projects of similar type have been successfully completed.
 - b. Advantageous:** Firm has prior experience in permitting and design in providing this type of facility project that is current (within the past 5 years). One (1) to Three (3) projects of similar

type have been successfully completed.

- c. **Highly Advantageous:** Firm has prior experience with permitting and design background in this type of facility project within that is current (within past 5 years). Additional similar work is underway currently within the firm. Three (3) or more projects of similar type have been successfully completed.

3) Current Firm Capacity list significant current work and work completed in the last five (5) years, as well as projects in-house but not yet begun; quantify.

- a. **Unacceptable:** No or limited current work listed.
- b. **Not Advantageous:** Firm capacity may be challenged by current work load when taking on this new assignment.
- c. **Advantageous:** Firm capacity appears to be able to handle this assignment with the given work load.
- d. **Highly Advantageous:** Firm capacity can easily handle this assignment with their given work load.

4) References Provide references with contact names and valid phone numbers of other Citys whereby similar work has been performed.

- a. **Unacceptable:** References are not provided.
- b. **Not Advantageous:** References provided are not related to similar project type
- c. **Acceptable:** At least two (2) references are from similar project experience.
- d. **Advantageous:** More than three (3) references are provided from similar project types.
- e. **Highly Advantageous:** Five or more references are provided for similar project types.

5) Project Discussion & Scope of Work, Project Understanding & Challenges, Project Approach

- a. **Unacceptable** - Proposal did not adequately convey the Proposers understanding of the project and the firm's approach to completing the project successfully.
- b. **Not Advantageous** - The response indicates the proposer may understand the Owner's needs, but the plan provided is not clear enough to make a determination. The Proposers approach does not instill confidence in a plan to complete the project in a well thought out manner.
- c. **Advantageous** - The Scope of Services response provided indicates the proposer will meet the needs of the Owner; and shows the Proposers demonstrated understanding of the project and their approach to the work required to complete a successful project.
- d. **Highly Advantageous** - The Scope of Services response provided clearly indicates the understanding and ability to successfully meet the needs of the Owner; shows the Proposers demonstrated understanding of the project; their ability to bring leadership to the project and that their approach to the project demonstrates a creative and thorough process

6) Proposed Schedule

- a. **Unacceptable:** A proposed schedule was not offered.
- b. **Not Advantageous:** The proposed project schedule does not instill confidence by the Owner in the firm to complete the project in a well thought out manner.
- c. **Acceptable:** The proposed project schedule provided indicates the proposer understands the project, its scope and its timeframes for completing the work adequately.
- d. **Advantageous:** The proposed schedule provided indicates the proposer has more than adequately demonstrated their understanding of the project and the work required to complete a successful project and to meet the requirement of the Owner's review and approval cycles.
- e. **Highly Advantageous:** The proposed schedule provided indicates the proposer has

demonstrated their complete understanding of the project and will monitor and keep the project on schedule. The firm understands the time required to complete a successful project and has clearly demonstrated their process which will meet the requirements of the Owner for timely reviews and approvals.

7) Response to Additional Narrative Information.

List support services and/or required documents required by your firm of the City.

Define what is not included within your fee proposal.

- a. **Unacceptable** – Proposer did not address Additional Narrative Information section.
- b. **Not Advantageous** – Proposal did not adequately respond to all additional Narrative Information as requested.
- c. **Advantageous** – Proposal was responsive, adequately responded to additional Narrative Information requested, appeared consistent with project intent, and responded to needs expressed by the documents in all areas
- d. **Highly Advantageous** - Proposal was very responsive, thoroughly responded to additional Narrative Information requested, appeared consistent with project intent, and responded to needs expressed by the documents in all areas.

8) Affirmative Action Plan: provide evidence of your firm's policies.

- a. **Unacceptable:** Proposer did not submit their Affirmative Action Plan.
- b. **Not Advantageous:** Affirmative Action Plan was poorly defined.
- c. **Acceptable:** Affirmative Action Plan was responsive to the intent of the program.
- d. **Advantageous:** Affirmative Action Plan was responsive and more than adequately responded to the intent of the program.
- e. **Highly Advantageous:** Affirmative Action Plan was responsive and more than adequately responded to the intent of the program. The proposer demonstrated actual follow through on the program with documented firm history.

9) General Impression of Proposal

Unacceptable - The proposal was not responsive to the Comparative Evaluation Criteria in an acceptable manner.

Not Advantageous - Response is informative, meets the criteria for responsiveness. Reviewer feels proposal reflects that proposer is able to perform in a manner acceptable to the City but was not overly impressed by Proposers expression of ability.

Advantageous - Response is informative, meets criteria for responsiveness and communicates well. Reviewer feels proposal reflects that proposer is able to perform in a manner acceptable to the City, and shows the Proposers commitment to the City and the project.

Highly Advantageous - Response is concise, informative, and highly detailed. Proposal reflects that provider is able to perform in a manner acceptable to the City, communicates well and shows the Proposers commitment to the City and the project.

10) Price

VII BASIS OF COMPENSATION

The contract awarded will be a fixed price. [There will be no reimbursable expenses allowed.](#)

**AGREEMENT BETWEEN
THE CITY OF WALTHAM
AND**

THIS AGREEMENT made effective _____, 2014, by and between the **CITY WALTHAM, WALTHAM, MASSACHUSETTS**, a municipal corporation, acting by and through its Mayor at 610 Main, Waltham, Massachusetts 02452 (hereinafter called the "CITY"), and _____ whose principal office address and state of incorporation are as set forth (hereinafter called the "CONTRACTOR").

RECITALS:

WHEREAS, the CITY desires to retain the CONTRACTOR to provide certain services for the CITY, as described below, and the CONTRACTOR is willing to accept such engagement, all on the terms hereinafter set forth,

NOW, THEREFORE, in consideration of the mutual covenants hereinafter set forth, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

ARTICLE 1 - ENGAGEMENT OF THE CONTRACTOR

- 1.1 The CITY hereby engages the CONTRACTOR, and the CONTRACTOR hereby accepts the engagement to perform certain services for the CITY, as described in Article 2.
- 1.2 In the performance of any service under this Agreement, the CONTRACTOR acts at all times as an independent contractor. There is no relationship of employment or agency between the CITY, on the one hand, and the CONTRACTOR, on the other, and the CITY shall not have or exercise any control or direction over the method by which the CONTRACTOR performs its work or functions aside from such control or directions which are consistent with the independent contractor relationship contemplated in the Agreement.

ARTICLE 2 - SERVICES OF THE CONTRACTOR

- 2.1 The CONTRACTOR will perform the services described in the Scope of Services set forth in this document (the "Work").
- 2.2 The CONTRACTOR shall report, and be responsible, to the CITY and its designee (if any).
- 2.3 There shall be no amendment to the Scope of Services or Work provided for in this Agreement without the written approval of the CITY. The CITY shall be under no obligation to pay for any services performed by the CONTRACTOR which are not explicitly agreed to by the CITY in writing.
- 2.4 The CONTRACTOR represents and warrants to the CITY that the CONTRACTOR (including all of its personnel, whether employees, agents or independent contractors) will be qualified and duly licensed (if necessary) to perform the services required by this Agreement and further agrees to perform its services in a professional manner, and in accordance with the reasonable standard of care implied by law and all applicable local, state or federal ordinances, laws, rules and regulations, all of which are incorporated herein by reference. The CONTRACTOR will obtain and pay for any and all permits, bonds and other items required for the proper and legal performance of the Work. 17

- 2.5 The CONTRACTOR represents and warrants to the CITY that it is not a party to any agreement contract or understanding which would in any way restricts or prohibits it from undertaking or performing its obligations hereunder in accordance with the terms and conditions of this Agreement.
- 2.6 All written materials and any other documents (whether in the form of "hard" copies, graphics, magnetic media or otherwise) which are received and produced by the CONTRACTOR pursuant to this Agreement shall be deemed to be "work for hire" and shall be and become the property of the CITY upon the receipt and production of such items by the CONTRACTOR. The CITY acknowledges that such materials are being prepared with respect to the specific project contemplated hereby and that any reuse of such materials by the CITY in connection with any other project shall be at the CITY's sole risk, unless otherwise agreed to by the CONTRACTOR in writing.
- 2.7 The CONTRACTOR shall be responsible for the professional and technical accuracy, and for the coordination, of all designs, drawings, specifications, estimates and other work or services furnished by CONTRACTOR or its consultants and subcontractors. The CONTRACTOR shall perform its work under this Agreement in such a competent and professional manner that detail checking and reviewing by the CITY shall not be necessary. The CONTRACTOR shall supervise and direct the Work, using its best skills and attention, which shall not be less than such state of skill and attention generally rendered by the design and engineering profession for projects similar to the subject project in scope, difficulty and location.
- 2.8 The CONTRACTOR shall not use any subcontractors or sub-consultants (not identified herein) for any work required under this Agreement unless such use has been approved in advance in writing by the CITY.
- 2.9 Notwithstanding anything to the contrary in this Agreement, the CONTRACTOR shall not be relieved of its obligations under this Agreement by the CITY's performance, or failure to perform, any of the CITY's administrative duties under this Agreement, including, but not limited to, the CITY's review and/or approval of plans, estimates, programs, documents, materials, work and services furnished by CONTRACTOR.

ARTICLE 3 - PERIOD OF SERVICES

- 3.1 Unless otherwise provided, the term of this Agreement shall commence on the date hereof and continue until the Work is completed to the CITY's reasonable satisfaction.
- 3.2 The CONTRACTOR shall proceed with the Work promptly after receiving Notice to Proceed and will diligently and faithfully prosecute the Work to completion in accordance with the provisions hereof. In any event, the Work shall be completed no later than **45 days from the date of the Notice to Proceed** The CONTRACTOR acknowledges that time is of the essence of this Agreement.
- 3.3 If the CONTRACTOR is delayed in the performance of any of its obligations under this Agreement by the occurrence of an unforeseen event beyond its control such as fire or other casualty, abnormal adverse weather conditions, acts of God (collectively, "Unavoidable Events") which materially and adversely affect its ability to perform the Work, then the time for the CONTRACTOR to perform the Work shall be extended for such time as the CITY shall reasonably determine is necessary to permit the CONTRACTOR to perform in light of the effects of the Unavoidable Event.

If an Unavoidable Event occurs which, in the CITY's reasonable determination, makes ~~the~~

performance of the Agreement impossible without the expenditure of additional CITY funds, the CITY may, at its option, elect to terminate this Agreement upon thirty (30) days written notice.

ARTICLE 4 - PAYMENTS TO THE CONTRACTOR

- 4.1 The compensation due to the CONTRACTOR shall be paid in the amounts, and in the manner, set forth on Exhibit B, attached hereto.
- 4.2 The CONTRACTOR will bill the CITY in two equal invoices at the completion of the work unless otherwise provided with one or more invoices broken down to show the quantity of work performed and the percentage of the entire project completed, categories and amount of reimbursable expenses (if any), and provide such supporting data as may be required by the CITY.
- 4.3 The CITY will pay the CONTRACTOR upon review and approval of such invoices by the CITY or its designee.
- 4.4 This engagement may be subject to budgetary restrictions which may limit the total amount of funds available for the Work. Accordingly, unless otherwise stated on Exhibit B, the CITY will not be obligated to pay any amount in excess of the maximum project amount without the express written approval of the CITY.
- 4.5 The CONTRACTOR and its sub-contractors shall not be compensated for any services involved in preparing changes that are required for additional work that should have been anticipated by the CONTRACTOR in the preparation of the documents, as reasonably determined by the CITY.

ARTICLE 5 - TERMINATION

- 5.1 This Agreement may be terminated, with or without cause, by either the CITY upon written notice given by the City to the other party. For the purposes of this provision, "cause" shall include the failure of a party to fulfill its material duties hereunder in a timely and proper manner.
- 5.2 The CITY shall have the right to terminate this Agreement for its convenience and without cause upon ten (10) days written notice.
- 5.3 Following termination of this Agreement, the parties shall be relieved of all further obligations hereunder except:
 - (a) unless the CITY terminates for cause under paragraph 5.1, in which event the CITY shall be under no obligation to make any payments to CONTRACTOR except for those services satisfactorily provided, the CITY shall remain responsible for payments for the services satisfactorily performed and, unless this Agreement is for a lump-sum, expenses of CONTRACTOR reasonably accrued prior to the effective date of the notice of termination in compliance with this Agreement (less the value of any claims of the CITY), all as determined by the CITY in its sole discretion, but for no other amounts, including, without limitation, claims for lost profits on Work not performed; and
 - (b) The CONTRACTOR shall remain liable for any damages, expenses or liabilities arising under this Agreement (including its indemnity obligations) with respect to WORK performed pursuant to the Agreement.

ARTICLE 6 - INSURANCE AND INDEMNIFICATION

6.1 The CONTRACTOR agrees to indemnify and save the CITY harmless from any and all manner of suits, claims, or demands arising out of any errors, omissions or negligence by CONTRACTOR (including all its employees, agents and independent contractors) in performing the Work, or any breach of the terms of this Agreement by such CONTRACTOR and shall reimburse the CITY for any and all costs, damages and expenses, including reasonable attorney's fees, which the CITY pays or becomes obligated to pay, by reason of such activities, or breach. The provisions of this Section 6.1 shall be in addition to, and shall not be construed as a limitation on, any other legal rights of the CITY with respect to the CONTRACTOR, in connection with this Agreement, and shall survive termination or expiration of this Agreement.

6.2 Before commencing work the CONTRACTOR shall obtain and maintain at its expense and from insurance companies of a Best Rating of A or better, which are licensed to do business in the Commonwealth of Massachusetts, insurance as set forth below. If the CONTRACTOR is permitted to sub-contract a material portion of the Work, or is otherwise identifying a third party to perform services for the City, the CONTRACTOR shall assure that such sub-contractor or other third party also has such insurance.

- (a) Workers' Compensation, covering the obligations of the CONTRACTOR in accordance with applicable Workers' Compensation or Benefits laws.
- (b) Commercial General Liability Insurance on an occurrence basis with a combined single limit of not less than \$1 million. Coverage is to include premises and operations, coverage for liability of subcontractors. The policy shall contain an endorsement stating that the aggregate limits will apply separately to the work being performed under this Agreement.
- (c) Automobile Liability Insurance of not less than \$1 million combined single limit covering owned, hired and non-hired vehicle use.
- (d) Errors and Omissions Insurance of not less than \$2 million per claim. The coverage shall be in force from the date of execution of the Agreement to the date when all design and construction work is completed and accepted by the CITY, unless, however, the policy is a "claims made policy," in which event the policy shall remain effective and in full force for a period of six (6) years after completion of all design and construction work relating to the engagement.
- (e) Such additional insurance as may be required to be carried by the CONTRACTOR by law.
- (f) Such additional insurance as the CITY may reasonably require, as set forth below.

CONTRACTOR shall maintain such insurance during the term of Agreement and give the CITY twenty (20) days written notice of any change or cancellation of coverage. Each insurer providing policies hereunder shall waive its rights to subrogate claims against the CITY. The CITY of Waltham is a named additional insured for General Liability with respect to each such policy and such endorsement shall be reflected on a Certificate of Insurance to be delivered to the CITY upon the execution of this Agreement and at such times thereafter as the CITY may reasonably request.

ARTICLE 7 - GENERAL PROVISIONS

7.1 Upon the expiration or the termination of this Agreement for any reason, all data, drawings, specifications, reports, estimates, summaries and other work product which have been accumulated,

developed or prepared by the CONTRACTOR (whether completed or in process) shall become the property of the CITY upon payment for such to the CONTRACTOR and the CONTRACTOR shall immediately deliver or otherwise make available all such material to the CITY.

- 7.2 Neither party may assign, transfer or otherwise dispose of this Agreement or any of its rights hereunder or otherwise delegate any of its duties hereunder without the prior written consent of the other party, and any such attempted assignment or other disposition without such consent shall be null and void and of no force and effect.
- 7.3 Except as otherwise expressly provided in this Agreement, any decision or action made by the CITY relating to this Agreement, its operation, amendment or termination, shall be made by the Board, Committee or Authority of the CITY specified in the initial paragraph of this Agreement, unless specifically authorized or delegated by a lawful vote of such body.
- 7.4 This Agreement, together with and any additional exhibits referred to therein, constitute the entire agreement of CITY and CONTRACTOR with respect to the matters set forth therein and may not be changed, amended, modified or terms waived except by a writing signed by CITY and CONTRACTOR. If there is any conflict among the terms set forth in the body of this Agreement or in any other document or law incorporated by reference herein, such conflict shall be resolved by giving precedence to the party's address above by certified mail, return receipt requested Terms or provisions contained in the following documents in accordance with the following hierarchy, with the topmost document of the highest priority:
- A. Applicable federal, state and local laws, rules and regulations.
 - B. Amendments to this Agreement, if any.
 - C. This Agreement.
 - D. Any other attachments to this Agreement.

To the extent the conflict is not resolved by applying the above hierarchy, the conflict shall be resolved in a manner that results in the highest quantity and best quality of goods and services to the CITY.

- 7.5 This Agreement is governed by the law of The Commonwealth of Massachusetts and shall be construed in accordance therewith. The parties agree that exclusive jurisdiction for any action arising out of or relating to this Agreement shall lie with the state and federal courts having jurisdiction over the county and state in which the City is located and the parties hereby irrevocably waive, to the fullest extent permitted by law, any objection which they may now or hereafter have to the venue of any proceeding brought in such location and further irrevocably waive any claims that any such proceeding has been brought in an inconvenient forum.
- 7.6 Any notices required or allowed shall be to the person's address above by certified mail, return receipt requested.
- 7.7 Notwithstanding anything to the contrary in this Agreement, this Agreement is subject to the appropriation and availability of funds.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement the day and year first written above.
