Baby Grave	1'2" x 0-8" x 2'	high
Urn Garden	2' x 1' x 0-4"	down

Flush Marker Lots No Smaller than 2'4" x 1' down

Minimum Size For Monuments on Lots 2'4" x 1' x 2'8" high
(height is distance above surface of ground)

Foundations

Natural stone or bronze monuments only allowed on lots.

Flush marker to have at least a 4"butt.

All monuments, headstones and markers must have a foundation constructed by the Cemetery Department.

Only one upright stone will be allowed on a lot; all other stones will be flush markers. Only one flush marker per grave space will be allowed. In the event it is an older lot, the existing markers may be duplicated.

All orders must contain a sketch of the monument, headstone or marker with the height, width, length, lot number, and section.

Grave, Lot and Section numbers must be identified on the base of the stone.

Foundations will not be installed during months when frost is in the ground.

Orders for foundations for Memorial Day must be submitted before May 1st.
