To whom it may concern;

Sherwin Williams Paints is requesting a variance for the parking lot side of the building at 929 Main Street- Waltham, MA. The entrance to the store is on the parking lot side where we are requesting the larger sign. Sherwin Williams Paints needs their customers to know that this is the entrance to the store and a larger sign will help with that. It also appears that the previous tenant (Advance Auto Parts) had a larger sign at that entrance as well. See drawings for reference. We are requesting the same size sign that the previous tenant had that would look best considering that there is 140' of frontage on that side of the building. A smaller sign would be too small and out of scale with the building. The orientation and size of this building warrant a larger sign for modernization, visibility, safety and context of the neighborhood.
